Makes Home Baking Easy

Absolutely Pure The only baking powder made from Royal Grape Cream of Tartar NO ALUM, NO LIME PHOSPHATE

—Meet me at the New Scott, 2-251f Mrs. V. E. Gosso is reported seriously ill. —Oscar Hayter, Lawyer, rooms 5 and 6, Uglow building. —Dallas Wood and Coal Yards, W. L. Barber, proprietor. Office phone 334; residence 663. Mrs. William Collins visited relatives in Salem over Sunday. Robert Ewing was a business visitor in Portland the first of the week. C. G. Thompson, a prominent farmer of the Buell neighborhood was transacting business in the city Tuesday. Mrs. Carrie Snyder was operated on for appendicitis at the Dallas hospital on Monday and is gradually recovering. Judge Ramsey, of McMinnville, recently appointed by Governor West to a position on the supreme bench, was in the city on legal business Monday. Doctors A. B. Starbuck, B. H. McCallon and L. A. Bollman attended the regular meeting of the Polk-Yamhill-Marion medical association at Salem on Tuesday night. Mr. and Mrs. John Hubbard expect to leave Thursday with their household goods for McMinnville where they will spend the summer at least, and where they may reside permanently. R. D. Murray, boiler inspector for the Fidelity and Casualty company, with coast headquarters in Seattle, was in the city on Monday looking after the big boilers at the Oregon Power company's plant. Mrs. N. L. Guy and Mrs. B. M. Guy have been elected as representatives from Almira Rebekah lodge of this city to the session of the grand assembly in Medford which convenes during the week beginning May 18. Rev. Curtis gave the student body of the D. H. S. a splendid talk on "Elements of Success" Wednesday morning as a special number in the Freshman program. His talk was very good and all enjoyed it as he brought out many good points. Harold Hanson and Miss Nellie Snyder, both of Dallas, were married on Monday by Rev. H. John Vine. R. M. Jennings, district manager of the Oregon Power company, with headquarters in Eugene, was transacting business in the city yesterday and looking over the local property. Miles Davis of Summit, Benton county, formerly a resident of Dallas, brought Mrs. Davis to the city Saturday for an operation and medical attention. The operation was performed Sunday by Dr. Toel and Mrs. Davis is doing nicely. She will remain here for treatment for nervous trouble. Austell McCarter was painfully injured on Tuesday night at his home west of the city. He was engaged in chopping down a tree when a branch fell and striking on the body inflicted serious wounds. He is on the road to recovery, however, and no lasting results are feared. At the regular meeting of the Dallas Fire department held on Tuesday night, Chief Risser appointed Louis Muscott as assistant chief. Estley Farley was admitted to membership on the active list from the eligible list on the place made vacant by the removal of Clarence Hanor from the city. Through the A. J. Barham real estate agency a deal has been closed whereby the former has traded the 146 acre tract known as the Walter Vassal place to George R. Allen, formerly from Pennsylvania for 18 1/2 acres of coal and oil lands in Pennsylvania and the five acre Bowles tract adjoining the Dallas Lumber and Logging company's mill in this city. Dr. Lee Steiner, of Salem, superintendent of the Oregon state insane asylum was in Dallas Wednesday shaking hands with old friends and attending to business matters. He came over in his auto and had three of the paroled patients from the institution with him. The latter have been inmates of the institution for some time and none of them had ever before ridden in an automobile. Grenville Frey, of Falls City, was brought to the Dallas hospital on Friday suffering internal and spinal injuries as the result of a fall which he sustained when a scaffold on which he was working in Falls City broke throwing in the ground 16 feet below. The other men escaped with a few scratches but Frey is seriously injured. He is doing well, however, and it is believed will recover rapidly unless unforeseen complications arise.

SPELLING CONTEST FOR APRIL

Report of the spelling contest for Polk county, held April 11, 1913: Class "A." Schools of more than five teachers. Fourth Grade—First place, Monmouth 99.3 per cent; Falls City 98.6; Dallas 98.5. Fifth Grade—Independence 98.5; Monmouth 98.2; Falls City 97.7. Sixth Grade—Monmouth 96.1; Falls City 95.1; Independence 93.3. Seventh Grade—Falls City 90.6; Dallas 97.7; Monmouth 96.3. Eighth Grade—Dallas 97.5; Falls City 97.3; Monmouth 94. Class "B." Two to five teachers. Fourth Grade—Rieckreall and West Salem tied, 100; Bethel 99.6; Mt. View 99.3. Fifth Grade—Rieckreall, West Salem, Mt. View tied, 100; Buena Vista 99.4; Salt Creek 97. Sixth Grade—Rieckreall 98.8; West Salem 98.5; Buena Vista 98. Seventh Grade—Salt Creek, Rieckreall, Brush College, Mt. View tied, 100; Buena Vista 98.4; Perrydale 96. Eighth Grade—Mt. View 100; North Dallas 98; West Salem 96.4. Class "C." One room schools. Fourth Grade—Parker, Oreharis, Crowley, Greenwood, Oakdale, McCoy, Highland, Mistletoe tied, 100; Pioneer 99.5; Fairview, Montgomery, tied, 99.3. Fifth Grade—Oak Grove, Oakdale, Lone Star, Mistletoe tied, 100; Smithfield 99.3; Red Prairie and McCoy tied, 99. Sixth Grade—Fairview, Cochran, McTimmonds, Sunnyslope, Oakdale, Lone Star, McCoy, Mistletoe tied, 100; Oak Point 98.6; Elkins 96.3. Seventh Grade—Smithfield, Red Prairie, Fairview, Butler, Lone Star, McCoy, Highland, Mistletoe, Valley Junction, tied, 100; Buell 99; Harmony, Montgomery, Oakhurst 98. Eighth Grade—Fairview, Lone Star, McCoy, tied, 100; Buell 99.3; Oakhurst 99. Schools making the highest average for all grades this month: Class "A," Falls City, 97.5. Class "B," Mt. View, 99.8. Class "C," Oakdale, Lone Star, Mistletoe 100. The following grades made 95 per cent or more. Fourth Grade—Dallas, Monmouth, Independence, Falls City, Salt Creek, Bethel, Rieckreall, West Salem, Mt. View, Black Rock, Smithfield, Red Prairie, Parker, Oreharis, Oak Grove, Ward, Fairview, Butler, Oak Point, Upper Salt Creek, Montgomery, Suver, Crowley, McTimmonds, Greenwood, Fir Grove, Oakdale, McCoy, Pioneer, Highland, Mistletoe. Fifth Grade—Dallas, Monmouth, Independence, Falls City, Salt Creek, Rieckreall, Brush College, West Salem, Buena Vista, Mt. View, Black Rock, Smithfield, Red Prairie, Valley View, Oreharis, Oak Grove, Oakdale, Lone Star, McCoy, Pioneer, Oakhurst, Mistletoe. Sixth Grade—Monmouth, Falls City, Rieckreall, Brush College, West Salem, Buena Vista, Fairview, Cochran, Oak Point, Elkins, Popecorn, Suver, McTimmonds, Sunnyslope, Oakdale, Lone Star, McCoy, Pioneer, Mistletoe. Seventh Grade—Dallas, Falls City, Monmouth, Salt Creek, Perrydale, Rieckreall, Brush College, Buena Vista, Mt. View, Smithfield, Red Prairie, Fairview, Butler, Buell, Harmony, Sunnyslope, Fir Grove, Sunnyslope, Lone Star, McCoy, Pioneer, Oakhurst, Highland, Mistletoe, Valley Junction. Eighth Grade—Dallas, Falls City, Brush College, West Salem, North Dallas, Mt. View, Smithfield, Parker, Fairview, Buell, Lone Star, McCoy, Oakhurst. This is the last of the five tests given during the year and the results have been very gratifying. Most all of the schools have raised their averages since the first contest. The same keen interest was shown in this last contest that has characterized the contests given before. District 52, Lone Star, has an average of 100 for the five contests given. McCoy and Fairview are close seconds with an average for the year of 99.7. Prize winners in the three different classes will be announced the last of this month. H. C. SEYMOUR, School Superintendent.

TO PROMOTE GAME INTERESTS (Continued from Page One)

cans and an air-pump and necessary apparatus so that trout fry can be taken from the hatcheries and delivered in any part of the state where the railroad runs. From these railroad points the sportsmen are to take the fish in wagons, automobiles or other conveyances to the streams to be stocked. The various railroads in the state have offered free transportation for the fish distributing car, which is a considerable saving to the game protection fund. T. J. Craig, who has fish distribution in charge, will begin taking out trout from central hatchery at Bonneville, the latter part of next month. Applications for trout or game birds should be made immediately through the sportsmen's organization in each community. Another object of having the sportsmen organized is to secure a better sentiment in certain localities in favor of game protection. It is impossible to secure the enforcement of game laws unless the citizens of any locality are in favor of such enforcement. It is planned to have at least one or several such organizations in every county in the state. A general convention of sportsmen is to be held next October or November, at which time delegates will assemble from all over the state. An active campaign will be begun to make Oregon one of the greatest hunting and fishing grounds in the country. It is contended that this will be an attractive advertisement and a drawing card for a desirable class of tourists who have money to spend and money to invest. Game protection and game propagation is a business proposition, not only for the man who lives in the city, but for the farmer, the fruit grower and the timberman.

YOUTHFUL THIEVES FACE SERIOUS CHARGES (Continued from page 1.)

eral of the boys are not bad at heart, but their association with the cigarette-smoking toughs of the city, and there are some of them here, all right, has been detrimental to the development of the best traits of their characters, and has placed them in their present unenviable predicament. The crimes which the bunch has committed are of the most serious nature and the outcome of the cases is problematical. The story of their escapades has caused a small-sized sensation in the community and may have a beneficial effect on their future acts.

Notice of Sale. Closing out my entire stock of new and second hand goods. Everything goes at cost. B. R. WATSON.

Take Advantage. Have a few more old violins which I will sell for one-half price you pay in Portland. Teach here Thursdays. O. R. JANOVSKY, McMinnville, Oregon. 5-9-5-13

REMARKABLE CURE —of— Mrs. Smith's Lumbago in three days by the Physiological Treatment —of— Neuralgia, Neuritis, Rheumatism, Gout as used by DR. TOEL The Chicago Specialist Now in Dallas to introduce his methods.

Neuralgia is a very painful affliction of a nerve branch as it comes out of the brain or from the spinal nerves. It is usually caused by poor blood circulation in the nerve. Neuritis is inflammation of the sheath of the nerve, the pressure from the inflammatory deposit in the sheath causing the pain. Lumbago is an acute inflammatory trouble of the muscles of the lower part of the back and the hip. The muscles get hard and stiff and the nerves being compressed, the slightest movement causes the most excruciating pain. The same form of affliction often appears in the muscles of the neck so that the head is drawn to one side, the muscles becoming hard and stiff. Rheumatism of the muscles is a chronic trouble of the same order. In gout the assimilation of the food

A LOT FOR A WORD

HAVE you sent in your name for our beautiful new addition to Dallas in which we are going to give you the opportunity of investing and building in the very near future. Dallas will double in population within the next few years. Our tract will be filled with beautiful homes and residences. It will be the most exclusive home district of the city. SEND us the right word and get one of these choicest lots absolutely free. It will prove a nice little nest egg in the days to come. Send your suggestions to the

FEDERAL TRUST CO. HOTEL GAIL DALLAS, OREGON Open to all residents of Polk County. That's a Lot for a Word

is not properly performed and uric acid is deposited in the joints, the pressure of this upon the nerve ends causing the pain, the circulation of the blood in the affected parts also being interfered with. In all of these diseases medicines taken into the stomach as well as applied locally have been found very inefficient. Morphine of course stops the pain being felt for the time being, but it does not cure the cause of the trouble—the poor circulation. Chloroform applied locally stops the pain for the time being, but it does not bring about proper circulation in the nerve. The pain usually returns. Quite different in its results is the application of electric currents of very high voltage, several hundred thousand volts and extremely fast alternations, millions each second. These currents stop pain very quickly; in addition they regulate the blood supply. The increased blood stream through the parts affected forces the inflammatory deposits into the lymphatic vessels and carry them away. The pressure upon the nerve fibres is released and a lasting cure results. How quickly such a cure can be effected is best shown in the case of Mrs. H. E. Smith of this city, living at 619 Washington street. On last Saturday night she was taken down with lumbago. All day Sunday she had to stay in bed with the most excruciating pain on the slightest movement. All household remedies failed. On Monday morning she applied for help to Dr. Toel who has his office in her building. He gave her an electric treatment and stopped the pain. On Tuesday he gave her a second treatment with the result that on Wednesday morning the doctor found her at the wash tub. She was quickly ordered however to stop this as Dr. Toel did not want to risk a relapse. He gave her another treatment and yesterday (Thursday) Mrs. Smith attended to her household work as usual entirely free from any pain. When it is well known that in many cases of lumbago the pain, under medical treatment, continues for several weeks, the immediate result of Dr. Toel's electric treatment is surely remarkable. Dr. Toel has for 30 years made a specialty of electrical operations and treatments. Read The Observer of April 29, about a cancer operation performed in Dallas by Dr. Toel, and also The Observer of April 15, 18, 22 and 25, May 2 and 6, about electrical treatment of cancers and tumors, piles and fistula, diseases of kidneys, bladder, prostate gland and strictures, and diseases of women, and skin diseases, polypus and goitre. Electrical or other physiological methods are also used by him in nervous diseases, neurasthenia, diseases of the liver, stomach, kidneys, asthma, bronchitis, catarrh, dyspepsia, and constipation. Dr. Toel intends to make his methods known throughout the Willamette valley before opening offices in Portland. While he will stay for sometime in Dallas, patients who wish to consult him ought to consult him without delay, for while some cases of cancer allow him to operate at once when he patients consults him, and send the patient home the same day free of his cancer; in other cases it is necessary for the patient to stay under his care for some time. So better come immediately—a friendly call costs nothing. Dr. Toel can be found at 619 Washington street, Dallas, one-half block from S. P. Railway depot from 9 to 12, 2 to 5, and 7 to 8, week days and from 9 to 1 on Sundays. Telephone 1392.
