FOUR YEARS IN BUSINESS
Four years ago we purchased the drug store in Dallas operated by Belt & Cherrington. At that time the store, under the able management of G. N. Cherrington, enjoyed a splendid prescription trade. Realizing that, in order to hold the trade secured by Mr. Cherrington, the first requisite would be competent men in our prescription department, it has always been our aim and a source of considerable satisfaction to us, to know that we have always had the very best men possible to branch in charge of the important branch of any well-regulated drug store. During the four years in which we have operated this store no cheap, or inexperienced man has been at the head of our prescription department, but we have always had the best. During these four years we have not filled 17,563 prescriptions and not a single mistake has been made. Surely this is a record to be proud of, and we believe that our record entitles us to the prescription trade of the city. We hope for a continuance of the esteemed trade of the public along this line, and we thank the people of Dallas and vicinity for their liberal patronage in the past. We are yours for a greater and better business.

The matter of the use of firecrackers and fireworks on July 4 was left entirely with the Mayor. On motion the celebration committee was given permission to collect licenses for fireworks in the city on July 4 and during chautauqua week.

An ordinance relating to the licensing of pool and billiard rooms, and repealing portions of other ordinances, was read the first time.

Chairman Barham, of the ordinance committee reported that he would have an ordinance placing the marshal on a flat salary ready at the next meeting.

A committee consisting of Hayter, McFee and Barber were appointed according to law to inspect the new saloon building.

DALLAS CHAUTAUQUA HOPE PROMISE OF FINE PROGRAM

(Continued from Page One.)

while here, will lecture on the subject of the "Balkan Question," "The Crescent and the Cross." Miss Belle Kearney, of Mississippi, who is noted as a lady speaker and has addressed many large audiences both here and in Europe, will be here for one lecture. Her subject will be "The Old Days in the Land." This is an intimate view of the South both before the war and up to the present time, and takes the Southerners standpoint which is especially interesting to Northern people.

The Chautauqua this summer will be replete with entertainment, being ten concerts and five special events, besides the many Indian games for the children, and Indian Work Attraction.

The Seton Indian work for children is also especially attractive. The lady leader comes here for a week, takes charge of the children teaching them the Indian games, custom, how to make fire, wild matches, and how Indians live, etc. Children will learn how to camp as Indians build them.

It is of interest also to know that a season ticket to the Chautauqua admits one person to everything. Season tickets are transferable to immediate family.
