Photos by American Press Association.

WILLIAM D. HAYWOOD and Joseph J. Ettor, leaders of the Industrial Workers of the World, are here shown in action at Paterson, N. J., where several thousand silk strikers, mostly foreigners, have been out for the last two months. Haywood and Ettor, together with Miss Elizabeth Gurley Flynn, Carlo Tresca and Patrick Quinlan, urged the strikers on to use "extreme measures" if necessary to gain what they termed their rights. Haywood has been called the brains back of the I. W. W. He is nicknamed "Big Bill" because of his height. He is blind in one eye. Ettor is the most fiery orator of the organization. He is shown in the upper picture

GETS CHEAP PAVING BIDS

Independence Council Lets Contract for \$1.15

Independence, June 5.—(Special)—The city council met and opened the bids for paving twelve blocks of the city streets Wednesday night and let the contract to the Lunden-Kilbe Construction company. They are to lay a four inch concrete base in a mixture of 1:2:4 and an asphaltic wearing surface of patent mixture called Biturete. The wearing surface is to be one and one-half inches thick. The price made was \$1.15 and is the cheapest price that could possibly be given on this type of paving, but as they have just completed a contract in The Dalles they have a plant that is not in use so it was possible to make a very low price.

COUNTY FUNDS PROTECTED

The new county depository act which went into effect June 3 is calling forth responses from all of the Polk county banks. This law makes provision for the county funds to be deposited in the banks of the county. The banks are required to give proper security to the amount of deposits either with a duly authorized surety bond or bonds of the State of Oregon or its municipal subdivisions. The District Attorney is required to pass on these bonds as to their legality and every precaution is thrown about the law to protect the county funds.

Married on Wednesday.

Frank E. Balfum and Miss Velma Smith, both of Independence, were married by Justice Hardy Holman at the court house on Wednesday morning. A number of "Independence" people who happened to be in the city in attendance at the session of the county court, were interested spectators at the event.

District Attorney Upjohn Enters Motion Dismissing State's Interest in Action

**Declares That State Should Not Have Been Made Party to the
Suit; Is Simply a Matter Entirely Within the Jurisdiction
of the City; Saloon May Open
Without Further Delay—Maybe**

Motion for a nonsuit dismissing the injunction proceedings brought against the city to restrain the Police Judge from issuing a saloon license to James Chitty was filed in circuit court Thursday by D. H. Upjohn, district attorney for this district. The proceedings were originally brought by Walter J. Coy, but the day prior to the change in the district attorneyship the state was made a party to the suit.

"In dismissing this suit I am merely removing the state from a proceeding in which I am satisfied the state should never have appeared," stated District Attorney Upjohn. "While prior to my appointment I was connected with this case I immediately withdrew when I became aware that the Governor would honor me with the appointment of District Attorney. This injunction suit should have been instituted by some party who will be injured or aggrieved through the establishment of the third saloon and the injury should be plainly shown.

Is Not Proper Party.

"The fact that the state was dragged into the matter 24 hours before the new judicial district act would become effective does not convince me that the state is a proper party to the suit. I believe there is no authority or warrant of law for the state to so appear and as a result have dismissed the proceedings.

"If the third saloon is a nuisance or will prove an injury to anyone in Dallas it should not be allowed to be opened. But this injury should be shown by the aggrieved parties. It is purely and simply a matter lying within the jurisdiction of the municipal authorities. I do not intend to see the expense of these proceedings saddled on the state with possible long drawn out litigation which would bring a heavy burden of expense onto the shoulders of the taxpayers. As to the case itself I am not connected with it in any way shape or form and have no interest in it whatsoever. In filing the motion to dismiss it I acted purely for the best interests of the people of this district who are already sufficiently burdened with the expense of litigation."

Saloon May Open.

The effect of the dissolving of this suit and injunction clears the path-

way for the opening of the saloon as soon as the proprietor complies with the city laws. The special committee appointed at the last meeting of the council must examine the premises, and if it finds that the law has been complied with in the arrangement of the premises, it may order the city auditor to issue the license and the saloon may then open. The voluntary motion to non-suit, relieves Judge Galloway from rendering a decision on the question argued before him on Monday.

Can't Dissolve it: Toose.

When asked regarding the motion to dissolve the injunction, former deputy district attorney Walter L. Toose, Jr., was emphatic in his declaration that the motion would not stand and that the injunction could not be dissolved on motion of the District Attorney. "Mr. Coy is still a party to that suit," said he, "and therefore the injunction cannot be set aside on motion of the state. The state may relinquish its part of the action, but so long as Mr. Coy remains a party to the injunction proceedings, the matter is still in force."

County Court Names Three Members For Fair Board

**W. V. Fuller, Dallas; C. A. Parks,
West Salem; W. W. Percival,
Independence Selected.**

Appointment of members of the county fair board was one of the more important matters transacted at the monthly meeting of the Polk county court held this week. After consideration of the various petitions presented, the court made the following selections: To serve three years, W. V. Fuller, of Dallas; to serve two years, Charles A. Parks, of West Salem; to serve one year, W. W. Percival, of Independence. This board will settle the question regarding the location of the fair.

In the matter of the petition regarding the A. H. Dennet road in district Nos. 5 and 6, F. M. Suver, Henry Voth and T. G. Richmond were appointed as viewers.

In the matter of the Ernest Ziel-each proposed road in districts Nos. 9 and 10, F. M. Suver, Stapleton and J. L. Hanna were appointed as viewers.

It was ordered that \$169 be transferred from the general road fund to road district No. 7.

To have hearing today.
In the matter of the hearing relative to the Gibson road in district No. 18, same was set for hearing today, at 9 o'clock.

In the matter of transferring road money from district No. 5 to new district No. 18, it was ordered that one-half of the funds allowed to No. 5 be transferred to No. 18.

The vote of the special election held in West Salem Saturday, May 31, on the question of incorporation, was canvassed, and the result found to be 58 for incorporation to 8 against.

The county treasurer was credited with warrants to the amount of \$106,713.19.
Residents of Buena Vista have made application to the court for an order resurveying and replatting the town, owing to the fact that the former plat was lost in the fire that destroyed the Polk county court house several years ago.

In the matter of the county road petitioned for north of Ballston, to be known as the Geo. H. Ball road.

POSTERS DEFACE BUILDING

Circus People Use School House for Bill Board.

When bill posters of the Sells-Floto circus passed through Polk county recently advertising the appearance of that show at Salem they plastered one of the school buildings at Bethel with circus posters. Plans had been made to paint the building and the directors are incensed at the move. County Superintendent Seymour and District Attorney Upjohn were advised of what had been done and the District Attorney and the school directors will go to Salem Saturday to secure reparation from the circus management.

RUSH FOR LICENSES.

Polk Record Shattered in One Day—Bridegrooms Hustle to Dodge Examination.

All previous records in Polk county in the issuance of marriage licenses in one day were shattered on Monday when five couples were licensed to wed by County Clerk Robinson. The rush was occasioned by reason of the fact that the new law requiring a medical certificate from a physician for all prospective bridegrooms before a license may issue, went into effect Tuesday, and it was the evident wish of the applicants to dodge this ceremony and, at the same time, save the expense attached to it.

WEST SALEM NOW IS CITY

CELEBRATION PLAN HOLDS ATTENTION OF CLUB

ING AFFAIR IN DALLAS
BEST EVER HELD
IN COUNTY.**

AUTO TRIP THROUGH VALLEY

Scheme to Use Unique Advertising Stunt Under Way; S. P. Company Promises New Station—Sometime; Polk Exhibit at Land Show is Urged; Club Finances.

Discussion of matters pertaining to the coming celebration and chautauqua to be held in Dallas, occupied the attention of the Commercial club at their regular meeting on Wednesday night, and plans were advanced and schemes were talked over with the idea of making the affair one of the best ever held in the county, and for advertising it extensively. Among the various thoughts advanced for the promotion of interest in the celebration was a projected auto trip through the valley. The idea is to enlist a number of local auto owners in the affair and make a two days trip which shall include the different towns in Polk county, McMinnville, Amity, Albany and Corvallis. An effort will be made to secure at least 10 machines and induce enough boosters to go to fill them. Huge banners will be displayed on every car advertising the celebration and the chautauqua and advertising literature will be carried and distributed. Special efforts will be made to secure a delegation from Albany in return for the splendid showing made in that city by Dallas people on the occasion of last year's celebration.

Regarding Subscriptions.

Attitude of certain business men of the city regarding subscriptions to the celebration fund was discussed following the report of Chairman

SHIFT IN SCHEDULE ADDS TO SERVICE

Five trains each way between Dallas and Salem will be the order after Sunday morning at 1 o'clock, when a new time card will go into effect on the Southern Pacific and the Salem, Falls City & Western, as exclusively announced in The Observer last week. One of the principal changes is the night and morning passenger from Portland which will run through to Corvallis and will not touch Dallas on either trip. Two gasoline motor cars will be placed in service between Dallas and Salem, the first departure being at 7:05 a. m. in time to connect at the Junction east of the city with the Corvallis-Portland passenger. Close connection will be made at the Junction at night with this train. Hereafter passengers from Dallas who make the day trip to Portland, must change cars at the Junction both ways.

This change in time will require a complete change on the I. & M., also, according to Mr. Hirschberg who was in the city yesterday. The Independence-Salem trains which have been operating, will be annulled entirely and it is possible that the late train leaving Dallas for Independence will also be withdrawn.

Five Trains to Salem.

According to the new schedule, motor cars will leave Dallas for Salem, connecting with S. P. trains at the Junction, as follows: 7:05 a. m., 10:20 a. m., 2:12 p. m., 4:30 p. m., 6:40 p. m. Westward trains will leave Salem and arrive in Dallas, as follows: Leave Salem 6:45 a. m., arrive Dallas 7:45; leave Salem 9:55 a. m., arrive Dallas 11:00; leave Salem 1:45 p. m., arrive Dallas 2:50; leave Salem 3:30 p. m., arrive Dallas 5:00 (this train runs via the Junction and Independence and Monmouth); leave Salem 6:20 p. m., arrive Dallas 7:15, connecting with the Portland-Corvallis passenger at the Junction. All of these trains, with the exception of the first in the morning, and the last at night, will run through to Falls City. There will be no change in the noon S. P. trains between Dallas and Portland.

Among the advantages of this change in train service, will be to bring the Oregonian into Dallas at 8 o'clock, but it is questionable whether the idea of changing cars at the Junction will appeal to Dallas patrons of the road.
