Removing Labels.
To remove the label from a jar or bottle is often rather difficult. This method is always successful: Wet the label thoroughly and then hold it near a fire for a moment. The steam thus generated immediately acts on the paste or gum.

English Coins.
The sovereign, value 20 shillings, was first used in 1926. In 1900 the largest coin in general use in England was the noble, value 15 shillings.

Stored Rubber.
Two Russian scientists have decided that distilled water is the best preservative for rubber that has to be stored for a long time.

Fatal Dublin Strike Riots Aroused the World of Labor

Photos by American Press Association.

A SIMPLE dockmen's strike, involving perhaps 1,000 men, started in Dublin. There was a clash with the police, and several heads were cracked. Then the strikers began to gain numbers. Another clash happened. More heads were cracked. Three persons died from the wounds. The strikers paraded through the streets with the coffins of the victims. Soon the strikers numbered nearly 20,000. Riots more serious than before ensued, and more men went to their graves, while the hospitals of Dublin were filled. The strikers blamed the trouble on W. J. Murphy, Dublin "tramway king," here shown. Here the story is told pictorially. The trouble aroused threats of sympathetic strikes in England, and for a time it appeared as though Great Britain would again be plunged into a disastrous labor war.

REMINGTON UMC

22 RIFLES

The Little Rifles—Big in Quality

YOU are going to buy a 22 calibre rifle, single shot or repeater—you'll find that many well known crack shots started with a Remington 22. Their advice now would be "By all means, get a Remington" because they know that there is a tendency in some quarters to look upon these models as only "a small boy's rifle" and cheapen them so that they can be sold at a price.

You have just as much right to expect full shooting value in your 22 calibre arms as in your \$75 big game rifle.

You want the Remington single shot at from \$3 to \$6, 22, 25-10 or 32 calibre, made by the same people who make the famous Remington Autoloading Rifles.

On, if you prefer the repeating rifle, the Remington also offers 22 repeaters with its easy take-downs and special safety features, shooting 22 short, 22 long or 22 long rifle cartridges, at \$10 and up, in your arm. Sold by live dealers of this country—the most popular small caliber rifle in America.
