(Continued from Page One) NEW TAX LAW NOT LIKED

No Rebate is Allowed The law of 1913 materially changed that provision of the law of 1907. Under the latter law, taxes are payable before April 1 of each year. No rebate is allowed at all. On April 1 the taxes become delinquent. A penalty of 1 per cent a month is charged on that portion of taxes paid after April 1 and paid before September 1. The law, however, permits on one-half of the taxes being paid before April 1 and the remaining one-half to be paid prior to September 1. However, if advantage is taken of this provision, the penalties heretofore set forth are computed on the second half of the taxes until it is paid. The act further provides that all taxes remaining unpaid on the first day of September shall become delinquent and subject to a penalty of 10 per cent and interest at the rate of 12 per cent per annum from the date

on which they became delinquent until their payment. Under the old law, taxes were payable on the first Monday in April. Under the new law they are payable on the first day of April.

Under the old law the second installment became due and payable on the first Monday in October. Under the new law the second installment must be paid prior to the first day of September.

Delinquency Feature Changed. Under the old law certificates of delinquency bearing interest at the rate of 15 per cent per annum, were issued at the expiration of six months after the date of delinquency. Under the new law such certificates of delinquency bearing the same rate of interest shall be issued at the expiration of one month after the date of delinquency.

The provisions of the old law with reference to the foreclosure and sale of land for delinquent taxes by the holder of the certificate of delinquency have not been altered. Under the new law the County Treasurer is made Tax Collector and the Sheriff is constituted the collector of delinquent taxes.

"I found that the facts concerning the tax situation are not known," said Mr. LaRoche. "Unless some means of providing relief is found, it is probable that great financial difficulties will follow."

In voicing his objections to the new law, Mr. Hodson said: "Let everybody who has heretofore divided his tax payments into six-month periods wake up and see what has been done to him."

Time Reduction Protested. "Even the rebate of 3 per cent for prompt payment has been done away with. Instead of reducing the time allowed for tax payments it should be extended. Payments should be permitted in four installments rather than in two, as formerly."

"If this protest arouses sufficient interest, and there is no other channel through which action looking toward the repeal of the obnoxious features of this bill at the next session of the Legislature can be taken, I will act as a sort of clearing house for gathering the protests of those throughout the state who care to interest themselves in the work, and will hold and classify all communications bearing on the subject until some concrete plan of procedure is decided upon. Letters addressed to me at 269 Washington street will be taken care of."

YOU GET MORE THAN THE PAPER

When you buy your stationery at my store, you get the benefit of my twenty-two years' experience in handling good paper. You have the satisfaction of knowing that you are getting the best paper that your money can buy.

The brands of paper that I carry are from the best mills in the United States, and that means the best mills in the world. The names Hurd, Crane and Blair stand pre-eminent in the paper-making world. No other manufacturers even pretend to produce a better grade of goods. The superiority of the product of these three houses is everywhere recognized and accepted.

Then, there is the mill that produces the famous Old Hampshire Bond. No other bond-paper mill in the world turns out a similar product. We carry this paper both in box stationery and in tablets. One has but to compare this paper with any other bond paper made to understand why Old Hampshire is known as the "Stationery of a Gentleman."

We carry these papers in all of the new sizes, styles and shades, as large a stock as you will find in many big cities, and sell them at prices within the reach of every pocket book.

We respectfully invite you to join the ranks of our pleased customers.
