DON'T WAIT

Our goods are disappearing like snow when the warm Chinook winds blow. Today we have them. Tomorrow they are gone. Nothing but a little pile of gold and silver in the till to remind us that they are gone. The bees fly straight to the richest honey flowers. The crowds walk straight to the richest bargain counters.

...Follow the Crowds...

We are NOT giving goods away. We are just selling them cheaper than any one else in Dallas. Remember when a certain amount of stock is sold the sale stops.

Big Spring Stocks Are Shipped

Will be here earlier than usual this year. Winter goods must go before they arrive or take a back seat.

Look out for Special Daily Sales. When we find a line that is not going fast enough we MAKE it go.

County Fair Exhibits

5000 Bulletins Being Distributed by State Superintendents to Help.

Five thousand bulletins are being distributed by Superintendent Churchill to the school superintendents and teachers of Oregon, giving full details for organizing clubs for the improvement of school exhibits at fairs.

These bulletins were prepared in cooperation with the agricultural college, after a careful examination of all the plans of the Eastern and Southern States which have been successful in carrying on this work.

Fifty thousand are also being distributed to the school children of the state, giving the standard of each article exhibited, such as bread, canned fruit and vegetables. These bulletins will also contain full directions to the children as to how to secure the best results.

As soon as the bulletins are distributed, Superintendent Churchill expects to send his two field workers in all parts of the state, organizing the boys' and girls' clubs. In this work he will receive assistance also of the extension departments of the three state schools. Through these clubs Superintendent Churchill expects to raise the standard of all of the articles which have been exhibited by the children. Many prizes will be given at the State Fair, but it is expected that there will be an increased interest on account of the work done by the industrial clubs. It is almost certain now that 10 capital prizes can be given to the school children at the State Fair, consisting of a trip to the Panama Exposition with all expenses paid. While this is an expensive prize, yet it will be purely educational and will do a great deal towards emphasizing the educational side of the industrial fair work, it is said.

Highest Building in the World.
Plans for a new highest building in the world were filed last week with the Bureau of Buildings. The structure will be 804.6 feet high, will have 51 stories and will cost over \$12,000,000.

The Pan-American States Association filed the plans. It is proposed to erect the building on the block bounded by Broadway, Eighth avenue, Fifty-seventh and Fifty-eighth Sts., New York City.

Faithful boys make faithful men.

In all things do your best, and then you'll have a name when you are old, worth more to you than shining gold."

Mr. Will Rowell of Rickreall was in Dallas on business the latter part of last week.

Mrs. Malinda Kimball is laid up with rheumatism, she having suffered greatly with it for several months.

Leand Murphey and his family are all sick with tonsillitis.

Don Miller is working at the Electric light plant in Dallas.

A Bad Tackle.
Mrs. Back:--Just got a letter from my son, he's on the college football team now!

Miss Lee:--Oh! that's fine! what position does he play?
Mrs. Back:--I'm not sure, but I think he's one of the drawbacks!
