Have you seen the new invisible bifocal lens which gives you perfect far and near vision in the same pair of glasses. Most double vision glasses have a division line in the lens which is not only disfiguring and annoying to the wearer, but also conveys to most people, the idea of advancing age. Call at Hotel Gail Monday and Tuesday, February 2nd and 3rd, and let Drs. Lowe and Turner show you the new ones, which have no division line, and to the casual observer are indistinguishable from any ordinary pair of glasses. They enable you to read, or do close work, and see distant objects perfectly. One change covers entire cost of examination frames and lenses, and they are absolutely guaranteed to give entire satisfaction whether they cost \$2.00 or more. Remember the date.
