

The Fact Remains

No amount of misrepresentation by the peddlers of alum baking powders, no juggling with chemicals, or pretended analysis, or cooked-up certificates, or falsehoods of any kind, can change the fact that

Royal Baking Powder has been found by the official examinations to be of the highest leavening efficiency, free from alum, and of absolute purity and wholesomeness.

Royal Baking Powder is indispensable for making finest and most economical food.

The way to build up Dallas is to patronize Dallas people.

It is not always a sign because a man is a good fellow that his credit is good.

You can fool the people once in a while but there comes a day when they find out that your smiles are all for selfish interest.

A chemist has discovered that milk kept in a red bottle will remain sweet and pure longer than in any other receptacle. We wonder if a Red-Eye bottle will do?

Why don't the women who always want the windows open when traveling, sit in the rear of the train so that those who want to keep warm can sit in comfort and not have to sit in the draft.

When men are paid a salary to talk money out of your pocket, better sleep over the proposition they ask you to invest in, you will be ahead in the end even if you are called a tight wad.

To the tax payer it looks like it was the State of Oregon vs. Polk County. No convictions and cases dismissed or lost is getting to be a little monotonous, and it is about time that some one should sit up and take notice.

\$5,000 in bills have mysteriously disappeared from the United States treasury, and officials are very much worried over the shortage, which is the first of the kind in the last 40 years. Let's see, the Democrats are in the saddle now, so it can not be blamed on the rascally republicans.

Some men think they are enterprising citizens when they leave the property they own in a dilapidated condition and let neighbors improve their's, thus advancing the price of his lot. He may think so but if he could hear the neighbors' opinion of him, the thermometer in his brain would drop below zero.

The rumor that Governor West was playing politics in the game commission department is liable to develop into more than a rumor. Go it Governor, it is such acts that makes good ammunition for the republicans to batter down your supposed stronghold. Make a few more appointments of men who are unfit for the office. All will help when the campaign is opened.

The Rev. Mr. Aked of San Francisco is getting the free advertising he planned by his sermon in which he stated that the scripture statement as to the virgin birth of Jesus was not generally believed by church people. The Rev. gentleman has stirred up a hornet's nest and like all other assertions of this character, it will find its champions as well as its opposers, and whatever object he had in view, the publicity of the statement made, will no doubt make trouble for more than one congregation before it is ended.

HERBINE

Is the Remedy You Need.

It is an invigorating tonic for a torpid liver. The first dose brings improvement, a few days use puts the liver in fine vigorous condition. Herbine also extends its restorative influence to the stomach and bowels. It helps digestion and food assimilation, purifies the bowels and brings back the habit of regular daily bowel movements. When the stomach, liver and bowels are active, bilious impurities no longer obstruct functional processes, the result of which is renewed energy, mental activity and cheerful spirits.
