## A Creditable Performance.

A very successful attempt at amateur dramatic was the production of "The Dust of the Earth" at the Wallace Fruit House on last Saturday evening for the benefit of the Brush College by the two teachers and other young people of the neighborhood. The characters were all exceptionally well chosen. Miss Myrtle Pelker as Miss Arabella, the village gossip, convulsed the audience with laughter at every appearance, while "Jerry", Mr. Robert Cutler acted his part well, as the only boy of the family. Frank Winslow as David Moore, the father was also very successful in his part, thwarting the plans of Susan, his scheming wife, Mrs. D. G. Palmer, and Elizabeth, his charming young daughter, Miss Almada J. Fuller against his niece, Nellie. Mr. Earl Oliver portrayed well his part as the young minister in love with Elizabeth while Russell Beckett as John Ryder the master of "The Maples" gained the sympathy of the audience by his heroic conduct in defending Nell, who proves to be the long lost daughter of Thomas Osborne, Fred Westmeyer. Carl Beckett as "Old Mose," the colored servant was admirably adapted to his part and furnished his share of the fun. Miss Helen Cook as Nell, "The Dust of the Earth" completely won the hearts of the audience. The music by the orchestra and the specialties between acts added greatly to the pleasure of the evening. The proceeds were ample to cover expenses and a neat little sum was realized, which will be used to pay for standard pictures for the school.
