BETTER PRIZES ARE OFFERED EXHIBITORS THIS YEAR.

Agricultural oand Horticultural Departments Are Covered By The Observer Today.

The premium list for Polk Fair is now in press and will be issued by association next week, when it will be distributed among contemplating exhibitors. The aggregate amount of premiums is considerably larger than last year, thus offering an in ducement to exhibitors to bring out their best products and stock. tries must be made in person or by letwith the secretary not later than September 15, the date of the fair having been set for September 17, 18 and 19. There will be no entry fee for exhibiting in any department.

From present indications the num-ber of exhibits will far exceed those of last year, there being much inter-est manifested on the part of Polk county farmers and others. The fair this year will be held on the grounds recently purchased by the city for this purpose, and while no buildings will be erected this season arrange-ments have been perfected with the

lands occupied by him as owner or renter. For exhibition purposes a renter. For exhibition purposes a plate will consist of five specimens of apples, pears peaches or quinces; ten specimens of plums or other special fruits, or five bunches of grapes. Exhibitors must attach the names to ev-ery variety staged by them, and the judges may refuse to reward premi-ums on stock not properly named. No blemished fruit will be considered by the judges, and no award will be made on stock that does not individually merit it. On account of its quality cause to bar an exhibit.

The "Willamette" May Be Contend-er With Loganberry.

By pollenizing the Oregon wild blackberry with the Cuthbert raspeberry, Father Schoener, parish priest of Brooks, and famous as a breeder or roses, has produced an entirely new variety of berry, which he ten-tatively has named the "Willamette," in honor of the valley in which it was created. In pollenizing the blackberry with the raspberry, Father Schoener reversed the process that

produced the loganberry.

The fruit is described as being firm and of a most delicions, distinctive flavor. It has nothing of the acid flavor. It has nothing of the acid sourness of the loganberry, nor of the heavy sweetness of the raspberry. Nor does it resemble the taste of its wild mother. It is waithen below the same of the same of the flow ments. She is a member of the Good-Government Club, and of the mayor's advisory council of Topeka. She has mother. It is neither tart nor sugary.
