

DALLAS WINS VICTORY

DALLAS HIGH DEFEATS SILVERTON ON GRIDIRON.

Game in Marion County Town Last Saturday Results in Score of Thirty-Four to Fourteen.

The Silvertown High school football team fell before the fast and snappy onslaught of the Dallas high school boys in the game at Silvertown on Saturday, and went off the field with a score of 34 to 14 marked up against them. Dallas won the kickoff and within four minutes after the referee's whistle started the game, Ray Scott carried the ball over the Silvertown goal line for Dallas' first touchdown. Throughout the first two quarters of the game the Dallas team plainly showed its ability by virtually playing their opponents to a standstill. But after the beginning of the second half the local warriors felt the effects of their fast playing and toned themselves down considerably. The boys do not observe training rules unless the coaches are at hand, and this fact proved a severe handicap in that it cut their power in half by winding them before the game was done. Baldersee kicked a successful goal after the first touchdown was made, leaving a score of 7-0 in Dallas' favor. Just before the end of the first quarter Earl Cutler intercepted one of Silvertown's forward passes and made a touchdown. Baldersee kicked goal and the quarter ended with the score 14-0. An intercepted forward pass, with Baldersee at the receiving end, was carried 20 yards for another touchdown by the interceptor, who also successfully made the goal, and raised the score seven points. Within a few minutes, by a series of long gains through the Silvertown line and around end, Ted Berg made the fourth touchdown, Baldersee kicked goal, and the score increased to 28-0.

Although the Silvertown boys were a fairly good match for the local team as to size, the Dallas boys found it no great task to tear through the opposing line for good gains, and the ends made good get-aways several times. The score in the first half represents fairly the advantage the Dallas team had while it held its wind, but early in the second half the steady work of the Silvertown team had a telling effect. After the kickoff, received from Silvertown, the local boys tried twice for yardage and fumbled the ball. Silvertown recovered and lost the missile again to Dallas. Silvertown intercepted a forward pass on the next play and raced over the Dallas goal for the first touchdown. By making the goal Silvertown amassed 7 points on the small end of the score. After a series of fumbles Silvertown lost the ball to Dallas by a fumble on the latter's fifteen yard line and Ray Scott put it on the scoring side of the goal line. Baldersee made his first unsuccessful try at goal and the score stood at 34-0.

Silvertown kicked to Dallas in the last of the third quarter and the local team, after failing to make yardage by line bucks, gave the ball to its opponents. It took Silvertown's left end only a moment to make a touchdown and a well directed boot put the ball over the goal post. With the score standing 34-14 in favor of the visitors both teams played hard, though they were played out, but failed to make the play interesting or effective. No score was made in the final period. Most of the play was in the center field during the final quarter, but when the game was called Silvertown had the ball on Dallas' 20-yard line and was working well toward another touchdown. Earl Cutler brought Silvertown's end to earth in a tackle that saved the Dallas boys having another score against them.

With a great deal more attention to detail and a little more diligent practice the Dallas team should build itself into even a better group of players than last year. A game for

next Saturday on the home ground will probably be arranged with the Mute school team. Prof. W. I. Ford and Coaches French and Rudder accompanied the team to Silvertown. Rudder acted as umpire in the game. The lineup was: McCann, R. E.; Brock, R. T.; Martin, R. G.; Captain Dennis, center; R. Wilson, L. G.; A. Wilson, L. T.; Beebe, L. E.; Earl Cutler, Q.; Ted Berg, L. H.; Irving Baldersee, F.; Ray Scott, R. H. Other players who made the trip to Silvertown were Er. Cutler, Elmo Bennett and Clifford Helgerson.

EDISON TO HAVE SPECIAL DAY.

Great Inventor Will Hear Self Praised at San Francisco.

Thomas A. Edison, the inventive genius, will be in San Francisco on Thursday of this week to hear his name and his fame eulogized and to receive a medal of honor because of his many accomplishments. The particular event to draw Mr. Edison to the coast, in spite of his natural prejudice to such affairs, will be the celebration of Edison day at the Panama-Pacific exposition. Until Mr. Edison was actually enroute to the fair his associates could not be sure that he would be on hand for the ceremonies in his honor. Prominent men will lecture on Mr. Edison's inventions on that day and in recognition of his favorite invention, the Diamond Disc, his new instrument for the re-creation of sound, particular prominence will be given that instrument.

Miss Christine Miller, the celebrated contralto and a great admirer of Mr. Edison, will journey to San Francisco in order that her own voice may be heard in comparison with Edison's laboratory re-creation of it, so that scientists and musicians may judge whether or not Mr. Edison has in fact realized his ambition to re-create music so perfectly that it cannot be distinguished from the original. Mr. J. C. Uglow is arranging to give several demonstrations of this new Edison invention in Dallas during Edison week.

CHRIS. RISSER LAID AT REST.

Hundreds of Friends Attend Funeral of Respected Citizen.

The body of Christian Risser, who passed away suddenly at his home here on Wednesday evening, was laid peacefully to rest at the I. O. O. F. cemetery on Saturday afternoon. A large gathering of the friends of Mr. Risser and his family attended the services held over the remains at the Evangelical church, of which he had long been a member, and many of these were in the sad procession which accompanied the body to its final resting place. The services at the church were conducted by the Rev. Mr. Erskine, assisted by the Rev. Mr. Gates. Mr. Risser spent many of the most fruitful years of his life in this community and his friends are numbered by the hundreds in all parts of the county. He was prominently identified with the affairs of the city and had at all times an active interest in the welfare of the community which was his home. He was a member of the local lodge of Odd Fellows and was popular as a business man. With deep grief Dallas sees the passing of so fine a man.

Swenson Goes to Jail.

Charles Swenson is lodged in the county jail serving out a twelve and a half day penalty for stealing a bicycle belonging to Charles Hayes on October 7. Swenson was arrested Saturday evening by Sheriff Orr after the young fellow had ridden the stolen vehicle to town. Justice Holman fined him \$25 and costs. In lieu of the cash Swenson will enjoy county hospitality. Swenson is just 19 years old.

Woods May Be Operated On.

Harry Woods went to Portland yesterday afternoon, attended by Dr. A. B. Starbuck, to undergo an X-ray examination to locate an ulcer in his stomach. Mr. Woods will probably submit to an operation for the removal of the trouble sometime this week.

MOTHERS HEAR TAYLOR

(Continued from page one.)

What's the use of dressing up the children and taking them to school, when the father will go to a saloon or loaf around a billiard hall? What's the use of teaching them to pray, when he will curse and damn? What's the use of trying to keep them from becoming cigarette fiends when their father smokes a pipe or cigar? Because of his mother's religious training, when he came to years, refused to be called the son of Pharaoh's daughter, choosing rather to suffer affliction with the people of God than to enjoy the pleasures of sin for a season. Moses got his first start from his mother. When God wants to throw a world out into space he is not concerned about it. The first mile that world takes settles its course for eternity. When God throws a child out into the world he is mighty anxious that it gets a right start. Mothers of Dallas, give your boys and girls a good start.

The Flying Squadron.

Automobiles, bespangled with banners and mottoes, and loaded with singers and speakers and advertising material, left the Dallas Armory yesterday morning, and paid a "flying visit" to Monmouth, Independence, Rieckrell and Smithfield, distributing posters and advertising the great revival services in this city. Evangelist Taylor and the chorister, Paul Taylor, accompanied the party. In view of the high character of the preaching and singing heard by the people of Dallas every night, it is only fair that the towns named, should receive a share of the good things now being enjoyed by the people of Dallas. The publicity committee desires The Observer to extend to the people living within reasonable distance of the city of Dallas, a cordial invitation to attend all the services at the armory for the next two weeks.

POLK COUNTY

PEDEE.

Delayed Correspondence.

Jenning Cox has been helping Mrs. Love in the store, while Mr. Love was in Dallas on the grand jury.

Nearly all the farmers in this vicinity have started plowing.

Mr. J. L. Condron hauled two loads of clover to Independence last week.

P. A. Burbank and family of Monmouth visited his parents Saturday and Sunday.

Florence Lacey is spending a few days in Dallas.

The party at Ernest Bush's Saturday night was well attended, and all enjoyed a good time.

Miss Geneva Sayre of Cherry Grove spent the week-end, with her parents at Falls City.

Gordon Powell was an Airlie caller Monday.

Miss Glossop is staying with Miss Theda Condron.

Mr. and Mrs. Will Bronson and daughter Roverta of McTimmonds valley, and Mr. and Mrs. John Waters of Falls City spent Sunday evening at Joe Edwards.

A. Womer and wife were Kings Valley callers last week.

Frank Gilliam, Comfort Condron, Miss Glossop and Miss Theda Condron motored to Monmouth Sunday.

Mr. and Mrs. Hugh Williams went to Monmouth Friday after apples.

Miss Anna Kau has returned home after a three weeks' visit with her sister at Hoskins.

Leo Condron took dinner at Ren Womer's home on Sunday.

FALLS CITY.

W. B. Stevens, formerly connected with the lighting plant, has disposed of his property here, and will take up his residence in Portland.

Mr. Ellison has repaired the day and there is a notable improvement in the lights about town. Even The News admits that the lights are now satisfactory.

Having bought property here Jas. Mickelson and family, recently of Brownsville, have taken up their residence in Falls City.

C. J. Pugh, the loganberry juice man, is getting ready for "Oregon dry." He received almost a full car-load of bottles last week.

CRIDER TAKES POSSESSION.

Imperial Hotel Restored to Owner By the Circuit Court.

In the case of J. W. Crider against John T. Dixon of Portland, judgment was given the plaintiff in the circuit court yesterday, whereby Mr. Crider is given restitution of the premises, and an order to recover costs and disbursements in the sum of \$11.50 by levying on goods and chattels. Sheriff Orr immediately served notice upon Mr. Dixon's agent to forthwith remove from the property, which includes the hotel building and residence property on Jefferson street. The hostelry will remain open as a rooming house for the time being, and later the dining room will probably be opened.

Divorce Granted Mrs. Loy.

Vina M. Loy was granted a divorce from Fred Loy by Judge Belt on Saturday. A property settlement was made out of court and the husband did not contest the suit. There are no children.

Surveying Bentley Road.

County Surveyor Canfield will go to Bentley tomorrow to survey the proposed road from that point to Bear

Camp, the purpose of the change being to eliminate Leno hill. The prospects are that the county court will accept the survey upon the completion of the work and order the construction. The distance is four miles. The new road will open up to settlement some fertile agricultural lands.

It would seem to be high time for

goosebone man to speak, or is the machinery of his magic ossification disarranged by the crash of war?

Orchestra Plays at Normal School.

The Dallas orchestra, composed of Dallas young men, furnished music for the dance at the Normal school at Monmouth on Saturday evening. The affair was the first of its kind at

the school this year and its success was in no small degree due to the music rendered. A large number of the Normal girls attended the dance and many guests were present.

It's the easiest thing in the world to convince the average man that he is smart.

"Never Mind the Rain, Son"

The germ-proof, dust-proof, moisture-proof wax-sealed wrapping keeps the

The germ-proof, dust-proof, moisture-proof wax-sealed wrapping keeps the

New Post Toasties

in perfect condition.

But more important—these flakes are made by a new process that gives them a new form and a distinctive flavour, entirely different from other corn flakes.

In this new process, intense heat expands the interior moisture, producing little pearl-like "puffs," a distinguishing characteristic of the NEW POST TOASTIES.

These flakes have a body and firmness that don't mush down, even when cream or milk is added. Toasties come factory-fresh, as crisp and delicious as when they leave the big ovens.

Try Them and Note the New Flavour

Your grocer has them now.

RABID RUDOLPHI says

LOTS OF BALL PLAYERS HURT THEIR FEET GETTING HIT ON THE HEAD WITH THE BALL!

IF THE FASHIONS CONTINUE THE WOMEN FOLKS WILL BE COMPLAINING THEY HAVE SOMETHING TO WEAR

WHAT'S DOING IT?

Strange, isn't it? But it is true, isn't it? The way some of your old friends and customers send their money to folks they do not know and for goods they have never seen.

You would naturally incline to the belief that people would prefer to buy goods after having had an opportunity to inspect them, and to make the purchase from people whom they know.

There was a time when shopping was largely a matter of personal contact. Today the distant store and the mail order house get into close touch with thousands, who are made acquainted with their goods and their methods of doing business. How is this done? Advertising—constant and effective advertising.

Many arguments are used to make customers out of the readers of advertising. These advertisements draw business from you and the other local dealers.

Consider the results obtained by the national magazine advertisers, and you will cease to wonder what is the magnet that draws to the city department store and the catalogue house, hundreds of miles away, the trade that you should enjoy. It is surprising that they do not take more dollars out of this community than they do.

Now mind you, The Observer is not talking just for its business but for yours as well, and for your neighbor's. For if you do not thrive, The Observer will not. Naturally, and somewhat selfishly, The Observer is interested in this community.
