JOE SMITH GETS DECISION.

Benton County Circuit Court Sustains County In Will Case.

A circuit court decision that affects about a thousand acres of land in the southern part of Polk county, as well as one of the county's well-known residents, was handed down in Corvallis recently when Judge Hamilton ratified and confirmed the opinion of County Judge Malone in the matter of the will contest in the estate of the late John Smith. G. B. Smith contested the will on the ground of testamentary incapacity and submission to undue influence on the part of his father who left several thousand acres of land in Polk and Benton counties. The lands in this county lie between Suver and Airlie and are occupied by Joe Smith, a beneficiary of the will of his father, to the exclusion of the brother, G. B. Smith. The original will was executed in December, 1905 and the co-cedical substituting Lester Smith for G. B. Smith was executed in October, 1908. The elder Mr. Smith died in August, 1912. The will was admitted to probate in June, 1914 and soon thereafter the court contest started. The case has been pending in the county and circuit court since that time until last week.

Bosinski Arrested and Fined.

For shooting from a public highway Will Bosinski was fined \$25 and court costs by Justice Holman yesterday afternoon. Bosinski was exercising his aim in the direction of a China pheasant from the highway between Independence and Salem when Constable John Ashbaugh happened along, and wound the hunter in the coils of Polk county justice. The man was arrested near Perrydale, although the shooting did not occur in that vicinity, and when arraigned before the justice of the peace, pleaded guilty and paid his fine.

Ford Prices Misquoted.

A mistake was made in The Observer last Tuesday in quoting Ford automobile prices less than is authorized. In the advertisement of Ford's inserted by J. C. Shreeve, Dallas agent for the popular line, the prices were given as \$300, \$430 and \$640. The mistake has been corrected in the advertisement that appears elsewhere in this issue. Mr. Shreeve reports excellent business for the month and is handling the capable little machines almost as fast as he can get them from the factory.

SOCIETY

Suver-Davis—A wedding that held much of interest for the many friends of the estimable young couple was that of Fred M. Suver and Eulalia D. Davis, who were united in marriage on Wednesday afternoon at five o'clock at the home of the bride's parents, Mr. and Mrs. Will Davis of the Eola hills district. K. N. Wood, the groom's cousin and business partner, was best man at the ceremony performed by the Rev. G. H. Bennett of Dallas, and Mrs. Henry Domes of McCoy, a close friend of the bride, was bridesmaid. The principals are well-known throughout the county, having spent their lives here, and the wedding was the occasion for a reunion of friends. Mr. Suver is a graduate of the Oregon Agricultural college and former Polk county surveyor. Mr. and Mrs. Suver will be at home to their friends at 919 Washington street, the house formerly occupied by W. A. Ayers.

Frederickson-Kester—In a charming setting of flowers, mountain laurel and autumn foliage, at the residence of Mr. and Mrs. Wilmot Kester at Suver, their second daughter, Miss Eva B. Kester and Elmer E. Frederickson were united in marriage Thursday, October 14, 1915. The Rev. W. P. Plowman, pastor of the Evangelical church, Lewisville officiated. Miss Nellie Plove was bridesmaid and Wellington Kester attended the groom. The wedding march was rendered by Miss Flora F. Ketcher. After a short trip the young couple will be at home to their friends on their ranch near Parker.

Married—About the first of the month Georgia M. Jennings (nee Schryver) left here for Seattle ostensibly to visit relatives. Now comes the word that she has been united in marriage to Cecil B. Godinton, a steamboat man running between Seattle and northern points. The wedding took place on October 16 and the ceremony was performed in the presence of relatives and friends of both principals.

Party—Mrs. H. B. Cospier was the hostess on Saturday evening at a delightful entertainment in honor of the teachers of the city schools. The evening was spent at games and a very fine luncheon was served later. Mrs. J. R. Craven assisted the hostess.

NO MEETING TONIGHT.

The businessmen's meeting, planned by the Market day committee for tonight, has been called off because A. L. Fisher of Albany, who was to have been the principal speaker, failed to receive correspondence directed to him and made other arrangements for the evening. F. E. Davis, chairman of the committee, says the meeting will probably be held one week from tonight.

VISITORS AT HIGH SCHOOL.

Portland Men Tell of Land Products Show in Talks to Pupils.

Escorted by members of the Commercial club to the high school auditorium, where a special assembly of students was called, O. M. Plummer, D. C. Freeman and Col. H. B. Miller spoke yesterday to the pupils on the educational features of the Manufacturers' and Land Products show to be held at Portland beginning next week. Prof. W. I. Ford introduced the speakers, each of whom laid especial emphasis on the big Portland show, but at the same time took occasion to get in a few words of compliment to the city and to Polk county. "Know Oregon," was a suggestion repeated to the children by each of the speakers whose desire was not only to create an interest in the show, but to enthrall the school children about their home state and its great possibilities. Incidentally, each extended a hearty greeting to Dallas from the Portland Chamber of Commerce and expressed a hope that Polk county's delegation at the show would be large.

Immediately after the meeting at the high school the speakers, accompanied by County School Superintendent Seymour, left for Falls City, where they conducted an assembly at the high school, and dealt with the same general subject.

Why be bothered with two pairs of glasses? Call at Hotel Gail October 28-29 and have Dr. Lowe show you the new glasses with which you can see all distances. He guarantees all his glasses to satisfy, whether they cost \$2 or more. Scores of references. Of what benefit will an education be to your children if they graduate from school with impaired health, distorted spines and injured eyes?

Only ten in every hundred babies are born with perfect eyes. Eye defects in the other ninety vary, but all should have attention, particularly when the child reaches school age. We are apt to neglect looking after this important matter, for the reason that children very seldom detect eye trouble themselves until it is apparent to everyone.

If your children squint, if they hold their books too close to the eye, if their school progress is not what it should be—then let Dr. Lowe determine, by accurate examination, whether glasses will help. Consult him at Hotel Gail, October 28-29, Independence 30. Remember dates. Dr. Lowe, the eye specialist, has been coming to Dallas for more than a quarter century. "Can you beat it?"

Warmth Without Weight

Maish Laminated Cotton Down Comforts and Bats

It's chock-full of brand new ideas for a warm bed on a chilly night. There's a tempting display of

Maish Laminated Cotton Down Comforts

that are unquestionably the greatest values you ever saw in the Comfort line. They're actually twice as warm and twice as thick as any cotton comfort of equal weight. That's because they're filled with sanitary, pure-white, finely-curl cotton, woven into a single layer of the comfort's depth, instead of being filled with lifeless cotton as most ordinary comforts are. MAISH COMFORTS last longer and wear best; will stand years of service, and harbor no odor or germs. In Maishik, Maisaline, and Maishaten in many hand-some patterns and shades in the standard sizes.

EDISON WEEK

CONCERTS All Next Week] WEEK
COME IN!

This is the card of welcome to all lovers of good music. We want every one to join us in celebrating Mr. Edison's great achievements. This week is Edison Week—October 18th to 23rd. Today there is a special Edison Week Program.

Concert Every Day This Week and Next

A special concert by the New Edison Diamond Disc Phonograph each day. Come today. Come every other day. A choice selection of exquisite music from the great library of Edison Records. No charge for seats. Come in and bring your friends.

NEW EDISON DIAMOND DISC PHONOGRAPH

Mr. Edison's perfected musical instrument—the laboratory re-creation of music just as it was rendered by the musical instrument or by the singer. The diamond stylus reproduces the tone of the artist with absolute fidelity—human, life-like, natural. Nothing mechanical. The triumph of the science of chemistry and acoustics. The Diamond Disc does away with the bother of changing needles. Come to the special Edison Week concert today—and each day this week and next week. You are welcome and we will be glad to see you.
