SCHOOLS ARE NOW OPEN

LATE HARVEST SEASON CAUSES SMALL REGISTRATION.

Several New Faculty Faces This Year—Changes Are Yet To Come.

Dallas high and grade schools opened yesterday for the 1916-1917 year with a registration of 404 in the grades and 98 in the high school. The small registration is due to the late harvest season; a number of the students are helping with the prune picking and the late threshing. Superintendent Walter Ford expects 500 in the grades and 125 in the high school before Monday. A steady increase of like proportion is expected up to October 5, when it is thought the prunes will be picked and the threshing completed.

There is still one place to be filled in the grade faculty—a teacher of the 8A and 8B. The return of Oscar I. Chenoweth last night solved one of the problems that has bothered the administration for the past month. Mr. Chenoweth took charge of his manual training classes this morning.

Mrs. Walter Ford is substituting in the 5B and 6A until a permanent teacher can be secured; Miss Hallie Hart of Portland has been assigned to the 6A and 6B; Mrs. K. N. Wood has the 7A; Miss Rossiter, the 7B; Mrs. Wood and Miss Rossiter together are handling the 7B, 8A and 8B until a teacher can be secured. The only change in the grade school is that of Miss Georgia Ellis, who has taken Miss Pollow's third grade class.
