Airline have been very materially improved during the past season, and there is rejoicing among the farmers of that neighborhood, they now being enabled to reach their commu- nity center from various directions during the rainy season. There is, how- ever, still an opportunity for further improvements there, but residents there believe that this will come later on now that a start has been made. What is known as the Lewisville bill has been graded and gravelled, thus making it passable at all times of the year. This has been the one "bad place" on the road between Airline and Dallas.

**Orchardist Creates Prune.**

After several years of experimen- tal work Mr. C. T. Brixey the proprietor of the McMinnville Nursery, has suc- ceeded in bringing into bearing a new prune which is destined to gain fa- vorable recognition among prune growers.

On Sunday the nurseryman was visited by Prof. Lewis and Prof. Gardner, of O. A. C., and J. C. Co- oper, of McMinnville, all of whom are enthusiastic over the new prune.

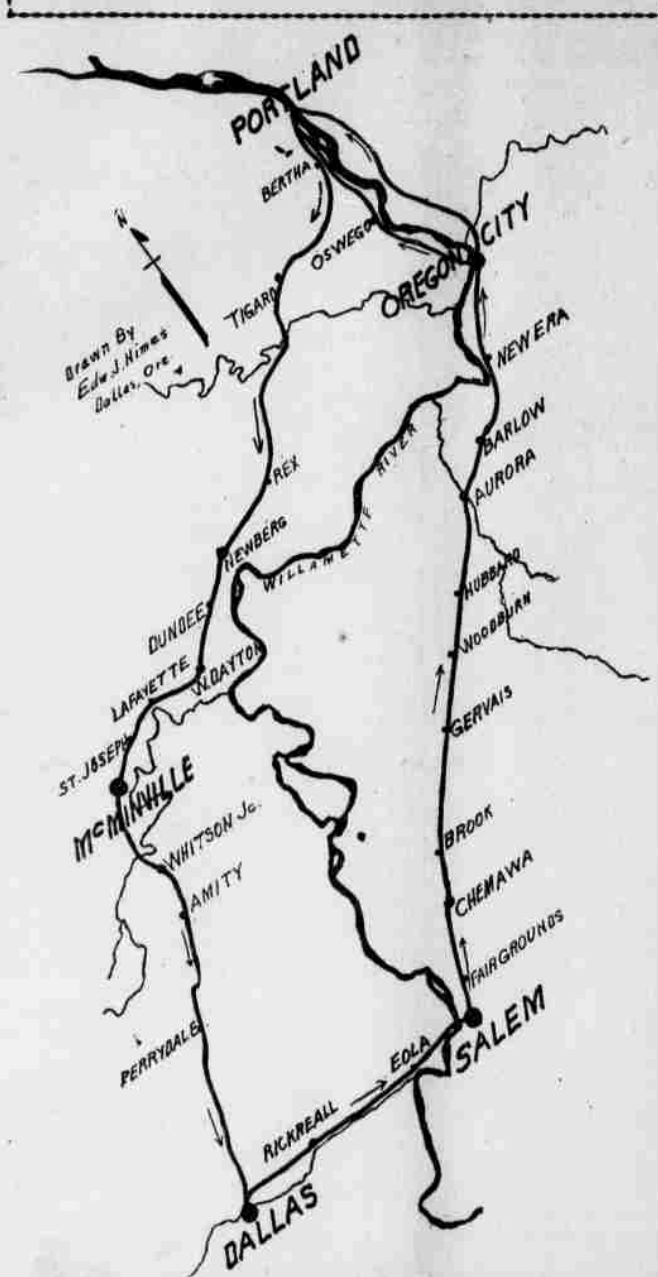

The new fruit is a cross mix, Mr. Brixey using a tree on which he had 11 different varieties of plums and prunes, and comes from a pollen mix, the cuttings have been grafted and he has several trees which are bringing forth an excellent yield. Trees of this variety will be planted at the Agri- cultural college and will receive the care and culture of that institution.

The prune is considerably larger than the ordinary, has an excellent flavor and shape and dries well.—*News-Reporter, McMinnville.*

**Runaway at Falls City.**

A team belonging to Roy McMur- phy snuffed bear while standing in Falls City Friday afternoon and de- cided it was no business standing still. They were captured after a short run. There was practically no damage done. The team was not mis- taken about the bear, either, as A. E. Meyers of Tillamook was showing Mr. McMurphy a bear skin, the former owner of which fell a victim to Mr. Meyers' gun.

**Work for West Side Highway**

At a meeting of West Side Commercial clubs at McMinnville last Saturday night a committee was appointed to draft resolutions for a permanent organization, the purpose of which is to build a permanent highway from Portland to Eugene through Newberg, McMinnville, Dallas, Inde- pendence and Corvallis. The above map shows the route of this west side highway, as far south as Dallas, as well as the East Side road from Portland to Salem.

**Is the Public Protected**

Notwithstanding the fact that the municipal legislators of Falls City on May 6, 1912, adopted an ordinance prohibiting automobiles moving fast- er than ten miles per hour on cer- tain thoroughfares of that place, and another still more drastic measure last spring, The News complains that no effort has been made on the part of the authorities to enforce their provisions, and pertinently inquires if the public is properly safeguarded.

**Harmony Lad Dislocates Arm.**

Fred Lockyear, young son of Mr. and Mrs. E. H. Lockyear, dislocated his elbow last Monday in a tussle with Charlie Sancy.
