**Satisfy!—that's a new thing for a cigarette to do**

It's nothing for a cigarette to just taste good—lots of cigarettes may do that. But Chesterfields do more—they satisfy! Just like a thick, juicy steak satisfies when you're hungry.

Yet, with all that, Chesterfields are MILD!

No other cigarette can give you this new enjoyment (satisfy, yet mild), for the good reason that no cigarette maker can copy the Chesterfield blend—an entirely new combination of tobaccos and the most important development in cigarette blending in 20 years.
