Bogert & Son have inaugurated a novelty in the way of special Saturday sales. It is common in cities, but small towns have not taken the matter up to any extent. It ought to be a good thing for both buyer and seller.

Rev. L. C. Hoover and Presiding Elder Hornschuch, of the Evangelical church, returned Friday from Big Bottom, in the Santiam country, where they have been having a hunt. Deer were very scarce on account of no rains to drive them from the high mountains. However Rev. Notice the Bank Statement in another column. It shows our bank to be in a fine condition. All State banks must make out statements the same as National banks, under the new banking law. July 15, the first statement was made by the Polk County Bank under the new law and since that time the deposits have increased nearly \$15,000. A pretty good showing for a small town. For publishing the first notice a Dallas paper charged the bank \$5, as there was no paper here at the time. Our price for the work is \$2.50 and there is about the same difference in prices on all our work, whether advertising or job work and our work will compare favorably with any put out in this county, or anywhere else.

Saturday Mrs. K. M. Smith had a very narrow escape from death at the hands of a careless hunter. A ball from a Winchester rifle passed so close to her head as to stun her and it was some time before she recovered from the shock. If a little more care is not used in firing rifles around town, some one is going to get into trouble.
