

SUPPLEMENT

The Monmouth Herald

Mrs. Henry Ebbert returned from Corvallis Saturday where she went to attend the funeral of her father Mr. Butler of near Monroe.

F. T. Angel made a business trip to southern Oregon last week to look after his timber interests. He has a fine claim on the South Umpqua. He reports a very pleasant trip.

The Tennessee Jubilee Singers will give one of their entertainments in Independence tomorrow (Saturday) evening at 8 p. m. under the auspices of the Public School. Reserved seats 50c; General admission 35; Children 25c.

G. T. McKinney has purchased the tract of land south of Zooks, from Mrs. Sarah Davis and is putting up a shed for a lumber yard. He will erect a residence there in the spring. He will put in a full and complete stock of lumber as soon as spring work begins and will keep a supply on hands this winter to meet all demands.

The election is over and Mr. Taft will be our next President. It is to be hoped that Mr. Bryan will now retire permanently from the ranks of presidential possibilities. Returns from the county so far as can be had indicate that the High School has been badly beaten and that people will have to keep up their stock seems to be the verdict.

H. W. (Pat) Sparks, of Forest Grove, will give one of his "Chalk Talks" at the Normal Assembly Hall Saturday evening Nov. 14, for the benefit of the Courier. These talks are along the lines of those of Homer Davenport and are very entertaining. It should be well patronized as it is helping the students get the Courier under way in good shape. Look for bills.

Mr. and Mrs. L. J. Corl, of Forest Grove, were visiting friends here the latter part of last week. They were returning from an extended visit in Albany and Corvallis. Mr. Corl is Master and Mrs. Corl Secretary of Gale Crange, at Forest Grove.

Mr. Corl also holds the office of State Clerk in the Modern Woodmen and clerk in the local camp at the Grove. Altogether he is quite a factor in the life of his home town as he is also city treasurer and school clerk. He was at one time a resident of Monmouth.

Falls City.

S. Evans went to Portland last week on business.

H. C. Calkins has ripe strawberries in the market.

H. A. Packard was a Dallas visitor one day last week.

W. L. Tooze and wife returned from a school visit at Eugene.

Dr. Snook from Medical Lake Washington, has located in Falls City.

Mrs. Elenor Butler was a business visitor to Dallas last week.

The Hallowe'en party given by the ladies of the Christian church passed off very pleasantly.

Charlie Palmer and Richard Paul went to Portland Saturday to attend to a land claim trial.

Mrs. E. Lipton who has been afflicted with rheumatism for the past two weeks is improving and will soon be up and around.

Rev. Paul who has taken the work here as pastor of the M. E. Church has moved his family here and entered upon his work.

The entertainment given last evening in the Opera House by Miss D. Lillian Lewis and Dr. Bancroft was listened to by an appreciative audience.

Miss Cecil Dodd who went to Corvallis to attend the O. A. C. is very ill with typhoid fever. Her mother is at her bedside caring for her. We hope to hear of her early recovery.

Report of Evaporator.

The report of P. O. Powell, secretary of the Monmouth Canning and Evaporating Co., has been made to the directors and shows a very good state of affairs, considering the past season has been a very bad one for fruit. The pears canned have

been sold to a California concern and will go east under a California brand. While this is not very satisfactory to Oregon pride it is in line with what California has been doing for years—gaining a reputation at the expense of Oregon.

The prunes dried have all been sold, the Italians at 4c and the petites at 1 and 1-fourth cents. The petites were so small that they were handled at a loss, but there was enough profit made on the Italians to more than offset the loss, leaving a small margin of profit. 162311 lbs. of Italians were received of which 69485 were bought at 50c per bushel and the remainder dried on shares making 20 1-third lbs. to the bushel, 45,424 lbs. of petites were received, of which 34,444 were purchased.

There still remain about 3700 lbs. of dried pears and 1000 lbs. of silver prunes to dispose of. Over \$500 were paid out in wages.

The cannery and drier have been operated at a small profit while other concerns of the same nature have gone behind. This speaks well for the management.

Social Hour Club Entertained.

The Social Hour Club was entertained October 21 by Mrs. and Miss Doughty at the latter's home. The sun shone after a stormy week and eighteen members including the hostesses were present. A very enjoyable entertainment had been prepared. Jack o'Lanterns, ghost stories and appropriate refreshments reminded one that Hallowe'n was approaching.

Before adjourning a short business meeting was held, that several matters of interest to all might be settled without further delay. Most of the new books were on hand and were given to those to whom they were due. The club adjourned to meet at Mrs. Dalton's the first Wednesday in November.

For Sale.

Four dozen fine Plymouth Rock pullets. Inquire of J. W. Morrison, or at Lindsay & Co.
