Read the editorials in this paper you will find them different from those of the average country paper. Maybe there will be something said about you that you won't like. Keep your eye on the editorial column.

There was a man here the first of the week from Indiana that wanted to purchase the bakery, but the baker was doing well enough so did not sell to him. This shows that the business men of this town are doing a good business.

This office is getting caught up with the big rush of job work. We have done over 100,000 impressions during the past week, all of which has come in unsolicited. The reason is we do good work and do it cheaper than any other job plant in the county.

A heavy slugging match took place Tuesday evening on one of the residence streets near College Avenue. There was little regard paid to set rules regarding clinches, fouls, hitting below the belt, etc., etc. We did not learn what the purse was nor if there were any heavy side bets.

The flouring mill site has been secured and the parties interested surveyed it off Saturday. The mill will be moved here at the earliest opportunity. This is one more enterprise located in Monmouth and there will be more to come in the near future. Boost and the world boosts with you.

Walter Strain has moved into his new home.

W. M. Jones was a pleasant caller at this office Tuesday morning.

A letter received from J. Radek changing the address of his paper to Salem, informs us that he is doing well in his new location.

The Monmouth Real Estate Co. is getting out 1000 folders describing their College View tracts. The Herald is doing the work.

E. H. Hosner returned Monday from an extended business trip to Corvallis and other up valley points, and reports a prosperous trip.

Help us to get out a six column eight page paper by sending in your own and a friends subscription. We want to enlarge our plant, but it takes money to do so.

George Boothby and partner have been handling a lot of sheep the fore part of the week. They do the big end of the livestock business of this part of the country.

Notice the improved condition prevailing in the city since the cleaning up spirit has moved us all. If the marshal invites you to clean off the moss from your roof, do it cheerfully and you will feel better afterwards.

P. H. Martin, of Hood River, was a pleasant caller at this office Friday. He was enroute to Lincoln county where he recently purchased a section of fine land for \$10 an acre. He has sold his ranch at Hood River for \$500 per acre. He liked Monmouth very well and may be induced to locate here.

The latter part of the week was pretty good for real estate men. The Polk County Realty Co., had two men out looking at property in the forenoon Friday and the Monmouth Real Estate Co., had a man from Colorado out viewing the country at the same time. While as yet no deals were made directly, all the parties were very much impressed with the showing and one or more sales will no doubt result therefrom.

C. L. McKenna, supreme secretary of the Artisans, was a pleasant caller at this office Friday, while enroute from Portland to his big stock ranch near Airlie. Mr. McKenna is a firm believer in the future prosperity of Polk county and has bought 1000 acres of land on the strength of that belief. There will be more people have the same belief inside of a year and there is not the slightest doubt that they will be disappointed.

Independence is getting the hustle spirit on in good shape. There has been more real improvement in the town during the past six months than for many years. New concrete sidewalks, fresh paint, new dwellings and now there is a fine new brick store building going up. We are glad that our sister city is growing and welcome the addition of new citizens there just as much as we do in our own city. The prosperity of one is the prosperity of both.

The Herald had hoped to be able to announce a big booster meeting in the chapel Friday night, but word comes from Tom Richardson that he cannot be present and on that account it will have to be postponed until some time next month. The meeting will be held and if it is impossible to secure the Big Booster from Portland, we will get some one else. The spirit is willing as is also the flesh and there is nothing to prevent one of the biggest booster meetings that was ever held in the county, being pulled

Lost.

One banana from a crate in front of the Bakery. Witnesses say that it walked away with a person, who to all appearances, was a member of the Sohomore class. Mr. H— reports that he saw the banana coming up the street in the company of several people about 12 o'clock on Wednesday morning. It was last seen by two Freshmen in the halls of the Normal at 12:15 o'clock. Signed,

Last Opportunity.

The last opportunity for a free trip to the Alaska-Yukon-Pacific Exposition is now offered to the people of Polk county. This paper has made arrangements to send any number of persons to the fair, with all expenses paid from the time they get aboard the cars at their home station until they return. This includes hotel bills, excursions to Tacoma, Victoria, B. C. and other points of interest, free tickets to every form of amusement on the Pay Streak, in fact the trip with all its side trips and other concessions cannot be had for \$150 cash—you get it for a very little work. Why don't you get busy and go. No such offer was ever made by a county paper in this county and perhaps never will be again. This offer will be withdrawn after May 15 so if you want to go you would better get a move on. Call or write at once. The Herald, Monmouth, Oregon.
