Born:—Saturday morning May 22, to Mr. and Mrs. T. A. Riggs, a son, weight 12 pounds. Mother and child are doing nicely and T. A. felt so elated that the price of groceries went up for a while, but they have assumed normal conditions again.

On Sunday evening a tragedy was enacted in East Monmouth, that resulted in the death of one victim, he having his life crushed out by being run over by an auto that was chasing him. The remains were left in the street exposed to the elements uncared for.

There should be an ordinance passed and enforced limiting the speed of autos on our streets. Hundreds of them pass through here every week and they kick up a frightful dust which settles in the stores and makes the goods look like thirty cents in a short time.

Miss Agnes Clark entertained a few of her friends very pleasantly last Thursday evening at the home of Mr. and Mrs. W. J. Mulkey. The evening was spent in games and music. Punch and wafers were served during the course of the evening and later ice cream and cake. A company has been organized to bore for oil on the Whiteaker place a mile north of town. It is also stated that the same company intends erecting a salt evaporating plant to handle the product of the old Whiteaker well that was used for salt making in the pioneer days. These industries will make prosperous times here.

D. Donovan, who sold his farm last week to Mr. Ostrum, will likely leave, in the near future, for his old home in Trinity county California, where he still owns real estate. Mr. Donovan is one of our best citizens and has made a fine little farm out of a one time brush patch. The best wishes of their many friends will go with Mr. and Mrs. Donovan wherever they may locate.

Uncle Frank Powell has been sporting a black eye this week. He has been asked many times how the other fellow looks, but says that he hasn't seen him. In explaining the matter he says it was caused by a misstep taken off his porch causing him to fall and strike on his eye. He says that he cannot explain why he did so as this is a dry town. Seriously though, he had a very narrow escape from being badly injured. His friends are glad that he escaped so easily.

Mrs. C. LeMasters, who resides near Elkins school house, is the champion sweet pea raiser of this county, so far as we are able to learn. She has sweet peas over four feet high at the present time and they were raised out of doors. By her permission we are able to give the plan pursued so successfully by her for several years. She takes a board six or eight inches wide and as long as needed and sets it on edge running east and west then plants the seed on the south side of the board, in good rich soil to be sure.

All members of the Monmouth W. C. T. U. must be present at the next regular meeting if they wish to hear what was done at the county convention as Mesdames Heffley and Murdock were in attendance and will have a good report to make.

County W. C. T. U. Convention

The county convention of the Woman's Christian Temperance Union was held at Dallas last Thursday, May 20. Delegates were present from each local union in the county and an enjoyable time was had. Mrs. Seymour, of Falls City, was elected county president to succeed Mrs. Chloe Butz, of Dallas, who has been an efficient and faithful president for many years. All present rejoiced over victories won, and felt greatly encouraged to go forth to battle for Oregon dry in 1910 confident of victory.
