Mr. Elkins went to Turner to attend the convention, while Mrs. Elkins remains here. She will spend the summer at the home of her parents near Monmouth.

That the printed matter gotten out by the Commercial Club this spring has done some good, is evident from the fact that the secretary is just in receipt of a letter from the American Consul at Cork, Ireland, stating that he had received one of our little folders and wanted more information about the country. One member of the family has the Oregon fever and he wants to locate him on a small piece of land fairly well improved to which can be added more land later when the whole family will come and make their home in Oregon. Can we furnish what he wants at Monmouth?

Paul E. Baker and Miss Myrtle McReynolds evidently believe in joshing their friends. It had been generally understood among their closest friends that they intended entering the state of matrimony June 29, but a local item in the Dallas Observer of Tuesday says that they were married there at the residence of Rev. C. A. Sias on Monday of this week. Explanations are in order. The Herald extends heartiest congratulations and best wishes for a long and happy life.

Rev. Wigmore came down from Eugene Tuesday and reports Mrs. Wigmore very ill with something akin to pneumonia. Mr. Wigmore also stated that he had turned farmer and was raising nine acres of wheat. While shaking hands with a bunch of his numerous friends here he became reminiscent and said that his father was a carpenter, his brother was a carpenter, but he was a joiner, having come from Eugene to join two of Monmouth's young people together. Let us hope he did the job so well that it will never need repairing.
