John Ebbe the road overseer was over from Dallas last Sunday visiting his parents Mr. and Mrs. C. H. Ebbe. Mr. Ebbe has been working on the road between Toledo and Siletz, but the recent rains have made it necessary to cease labor on the highways until the weather settles again in the spring.

Mr. C. H. Ebbe came into our sanctum Tuesday morning bearing a beautiful bouquet of chrysanthemums and dahlia. It is getting late in the season and while flowers will not come up to their summer perfection yet these were very beautiful, and it will be a cold day when Oregon cannot produce flowers of some variety or other.

M. Sacre wife and son who have been visiting relatives and friends at Lodi, California, for the past two months returned home Sunday evening having had a pleasant time. Mr. Saker reports an abundant crop of grapes in the neighborhood of Lodi, but the prices are low. He and family were detained about twenty four hours on their way home on account of the caving in of a tunnel this side of Sacramento.

Mr. W. M. Ullery showed us some of the Wonder berry the other day that tasted pretty fine. He has about the only bush of them in this vicinity, as they are quite a rarity. They look and taste something like a huckleberry, and are more for sauces, pies and such like than for eating, although they have a prime flavor. The bush is low in stature and if more were planted around here, it is probable that quite a demand for them could be created.—Itemizer.
