Circulating Normal Petitions

O. A. Wolverton and Frank Mulkey were in Dallas Tuesday securing signers to the Monmouth normal petition, which will appear before the voters at our next election. They met with ready success in the matter of securing signatures here, as there are none of our citizens but what are in favor of one or two normals in the state, and of course are anxious that one of them should be located at the educational center of Polk county, the destination given our sister city of Monmouth when the normal was in existence, and the glory and fame of which has not yet departed from her.—Polk County Itemizer.

Pittsburg Capitalists Here

Charley and George Bowman spent the fore part of the week here, firstly to pay a visit to their old school mate and friend, whom they had not seen for sixteen years, Mr. Wm. Kraber, and secondly to see what the country offered in the way of orchard investment. They are capitalists, and are looking for a big and good proposition, not only for themselves, but for a number of their friends, who will go where these gentlemen decide on locating. The Itemizer Realty concern took them out Tuesday. They are favorably impressed with the opportunities offered here, as compared with what they saw in North Yakima, Medford, Hood River, and other more noted places, but made the same observation that many others have, asking us if our people have been asleep all these years, in that they do not make their homes have a more prosperous appearance. They may return in the near future and may locate in some other locality.—Polk County Itemizer.

GREAT NORTHWEST

The management of the Southern Pacific Co., (Lines in Oregon) takes great pleasure in announcing that the low rates from Eastern cities, which have done so much in past seasons to stimulate travel to and settlement in Oregon, will prevail again this Spring DAILY from March 1 to April 15, inclusive.

PEOPLE OF OREGON

The railroads have done their part; now it's up to you. The colonist rate is the greatest of all home-builders. Do all you can to let Eastern people know about it, and encourage them to come here, where land is cheap and home-building easy and attractive.

Fares Can Be Prepaid

at home if desired. Any agent of the road named is authorized to receive the required deposit and telegraph ticket to any point in the East.

Remember The Rates

From Chicago, \$33; from St. Louis, \$32; from Omaha and Kansas City, \$25. This reduction is proportionate from all other cities.
