REGULAR PORTLAND LETTER

Authentic New Road Map to Help Autoists

OREGON ROSES GET GREAT COMPLIMENT

Oregon Represented as an Ideal Corner of the American Continent

Portland, Or., Tuesday, April 26—The Oregon State Automobile Association and the Portland Automobile Club are doing a great work for good roads. Mr. H. R. Glenn, in charge of the "Pathfinder Car" (owned jointly by the State Association and the City Club), in company with Engineer E. Frank, is going to make a tour of all the principal roads in Eastern Oregon. These gentlemen will be in The Dalles on Tuesday and will map out their trip from there with the idea of compiling an accurate road map. Reliable road information in this state is very scarce and with a good map available tourists' automobiles from all parts of the United States will be almost as plentiful on the country roads as in the towns and cities today.

This new map will show distance between towns, grades, every turn in the road, and odometer readings.

State interests will be splendidly represented on the Portland Business Men's excursion in Western and Southern Oregon. Dr. Andrew C. Smith, President of the Oregon Good Roads Association, is one of the party.

The Ancient Order of Hibernians who are to hold their annual convention in Portland July 19th to 24th of this year say no meeting ever excited such advance interest. Late advices say Philadelphia County, Pennsylvania, will send twenty-five delegates, while from the Middle West special cars and even special trains are being planned right now.

Oregon is first place in the leading article of May "Gardening." As the magazine expresses it, "A corner of the American continent which is ideal for all kinds of roses, and where they excel in beauty anything seen in the old world." The author of the beautiful illustrated story is Frederick V. Holman, widely known as a rosarian.

Several other eastern magazines have planned to send staff photographers to the Coast this summer during the height of the rose season and to get pictures of the Rose Festival.

The Gold Hill Commercial Club is the latest child to seek adoption in the great family of the Oregon Development League.

Last Saturday fifty-seven eastern hotel men and women were guests of the fraternity in Portland. A Luncheon at the Commercial Club was a feature of their entertainment.

RESTORE STATE

NORMAL SCHOOL

Petition Now In Circulation

Demands Support of Loyal Citizens

A petition is in circulation among the citizens of our county, fathered by the alumni of the Monmouth Normal school, praying for a restoration of the Monmouth State Normal school.

This is a petition that every citizen should sign as it is a stain upon the fair state of Oregon to be dispossessed of normal schools. No other state would think of such a thing as tearing out the very institutions that have made our public schools the bulwarks of American liberty and independence.

It was a grievous error in the state legislature to abolish, even temporarily, our splendid normal schools. Oregon wants intelligent citizenship, and intelligent citizenship is a creature of good schools, and good schools can only be had by well-trained teachers, and well-trained teachers must come from the normal schools; so when the state abolished her normal schools, it looks as if the future welfare of her boys and girls is a matter of small importance.

We can't allow such an impression to be given, as this state is as anxious for good schools as any in the union, but some poor imbeciles that were sent as misrepresentatives from their respective districts forgot themselves and their duties to the state and cut off the most essential stream of revenue in the state.

It was not wilful—it was only ignorance, or possibly indifference; but whatever the cause, we trust all the people of the state will rally round the flag that floats over the little red school-houses the strongest links in the grandest educational system to be found in all the world.—Lakeview Herald.

THE ENTERTAINMENT TO-NIGHT

The Opportunity of Your Life Don't Miss It

Don't fail to hear the musical treat in the Chapel to-night. Mrs. Chapman has one of the most beautiful voices in the world and it is only by special favor that she may be heard here. At her concert in the Heilig Theater in Portland people had to pay up to \$2.50 the same as for the visiting great artists. The program this evening will be made up of folk songs and there is not a person in Monmouth but what would enjoy it to the fullest extent. There will be no heavy classical numbers. Be sure and come. It will be the best half dollar's worth you ever got.

Dallas Boys Play Baseball with Indian Lads

The Dallas College baseball team slipped into the camp of the red men at Chemawa, Saturday, and succeeded in taking their scalps by a score of 10 to 3 in the first college league game of the year.

Chemawa has long been rated as one of the strong amateur teams of the state, but the result of Saturday's game would indicate that Dallas outclassed the Indian lads at every point. Shaw pitched like a professional, retiring his men in one, two, three order, and pulling out of some bad holes.

The three runs secured by the Dallas bunch in the first inning put the Indian boys up in the air, and the college boys remained in the lead until the close of the game, scoring one run after another. The Chemawa team secured all of its runs on errors.—Polk County Observer.
