At noon they all partook of a delicious dinner after which a social time was spent, there being twenty two present. In the afternoon ice cream and cake was served.

Falls City Escapes Fire

A fire which might have laid waste the entire business district of Falls City was averted Monday when a blazing sofa was carried from the apartments of Dr. Officer in the Walker Hotel. The fire was set to the sofa by a cigar stub which was thrown to the floor and rebounded, lodging in the fringe, which was soon ablaze. Had it not been for the timely discovery, a disastrous fire would have culminated. - Falls City News.

Killed Brother by Accident

Report comes from Dallas of a sad incident which occurred there last Monday through the accidental discharge of a rifle by which Earl, the 9-year old son of W. P. Miller lost his life.

According to report the accident happened about as follows: Harold Miller, an older brother, was shooting at a target with a 22 calibre rifle and Earl and his father were watching. The young marksman had cocked the gun and was in the act of raising it to shoot when the weapon caught on his coat and was prematurely discharged, the ball striking Earl in the left breast, just over the heart.

The wounded boy cried out "Oh! Papa," and sank to the earth and expired immediately.

Sweetness Wasted.

Have you ever looked in the bottom of your cup when you have finished drinking your coffee or tea or in the bottom of your neighbor's cup? If you have you have seen a lot of wasted sugar or sand. The average American is in too great a hurry to wait for sugar or anything else to dissolve. The result is that he puts about twice as much sugar as necessary in his coffee, tea or lemonade. The resulting waste is enormous. It is estimated that Americans throw away millions a year by not stirring. - Charleston News and Courier.

Papa Enjoined.

"I call this the limit."
"How now?"
"A young cub has enjoined me from interfering with his attentions to my daughter." - Kansas City Journal.
