REGULAR PORTLAND LETTER

Portland Aids to Make State Fair a Success

GOOD ROADS ASSOCIATION IS AGITATING

Vanguard of Colonists Beginning to Arrive from the East and Middle West

Portland, Ore., September 20—Portland Day at the State Fair at Salem was one of the biggest days in the history of that organization. Excursions from Portland took 2400 people from the metropolis. The weather was perfect and a warm welcome was given the visitors upon their arrival at the capital.

The excursion from this city was run under the auspices of the Portland Commercial Club and special greetings were given by city and state officials at Salem. The Portland visitors were highly pleased with their reception and the general excellence of the fair, which was a credit to the whole state.

Roseburg is the latest community to testify that consistent publicity work pays. Within the past month 44 families have notified Publicity Manager Schlosser, of the Roseburg Commercial Club, of their intention to locate in the vicinity of that place during the coming Winter or Spring.

Portland people will turn out to Pendleton's "Roundup", which will be held on September 29, 30 and October 1. The Portland Commercial Club will organize an excursion including many business men of the metropolis who want to see the Wild West stunts of the cowboys and the many attractions offered. There will be thrills a plenty for the visitors. The program as now outlined offers many things reminiscent of the real frontier.

The State Good Roads Association is very anxious for the people to become better acquainted with petition 354 on the ballot, which reads: "No county shall create any debts or liabilities which shall singly or in the aggregate exceed the sum of \$5000, except to suppress insurrection or repel invasion or to build permanent roads within the county, but debts for permanent roads shall be incurred only on approval of a majority of those voting on the question." Those at work for the passage of the amendment permitting the bonding of the county for road work say it will be the biggest step Oregon has made toward permanent improvement for a long time.

The vanguard of the Fall colonists travel from the East and Middle West to Oregon is arriving on every train. Reports from the immigration officials of the railroads are to the effect that this travel will be heavy and that a large number of new citizens will reach Oregon this year. People of the state should make special efforts to welcome the newcomers and make them feel at home in their new environment. Help should be given in helping them find suitable loca-

tions. Oregon people have a distinct duty to perform in giving aid and comfort to the homeseeker who will be with us in large numbers this fall.

Chehalis, Washington, is doing some good work in advancing new methods of burning out stumps on logged off lands. The Citizens Club of Chehalis recently held the demonstrations of the char pit method of burning stumps and the tests were very successful. It is thought the general adoption of this means of clearing cutover lands will be of great value to the Pacific Northwest.

For Congress--Hawley or Mulkey, Which?

W. C. HAWLEY is the assembly candidate.

B. F. MULKEY submits his candidacy to the people

HAWLEY opposes Statement One, direct legislation and popular election of Senators.

MULKEY stands for Statement One, the direct primary and popular election of senators.

HAWLEY stands for Cannonism, Aldrichism and standpatism. He voted for a revision of the tariff to enrich special interests.

MULKEY stands for a revision of the tariff downward to benefit the consumer, stand with the insurgents and Roosevelt to make this a "government of the people, by the people, for the people," instead of for the trusts and special interests.

HAWLEY is reactionary.

MULKEY is progressive.

Mulkey has challenged Hawley to debate the foregoing issues.

Hawley has repeatedly declined.

Why?

Which do you prefer?

If you are a stand-patter, vote for Hawley.

If you are a progressive, vote for Mulkey—No. 13 on Ballot.

F. B. Mulkey at Eugene

Following is a notice from the Eugene Register, and is a report of a speech made by B. F. Mulkey, at Eugene, showing his views on the subject under discussion.

Hon. B. F. Mulkey, of Jacksonville, who is a candidate for the nomination for congressman, was then introduced. He made an eloquent and forceful plea for the emancipation of Western Oregon from the slavery of exorbitant freight rates, and saw in the present movement of the Lane County Asset company a means of freeing the people of Eugene and this section of the Willamette valley. He said it is the duty of congress to keep its eye on Coos Bay and deepen the harbor so that battleships could anchor there. He spoke of the time when the railroad was built to Yaquina Bay, how the price of the Willamette valley farmer's wheat and other products went up and the cost of table necessities was lowered, but this road was gobbled up by the corporation that has its hands on the throats of the people of western Oregon and the same old conditions again prevailed. Mr. Mulkey made the statement that as soon as a railroad from Eugene to tide water is built, this city will be enjoying the same advantage that Los Angeles is now. His address was well received and heartily applauded after its close. He made a splendid impression on his hearers and while no politics were injected into his speech, he won a good many votes in the audience.

If you want to ruin your boy just take his side on every question and dispute he has with his teacher or your neighbors' children. Just let him know you are with him, right or wrong, in all his disputes. This will give him a good start in the downward path.—Yamhill Record.
