Owing to lack of room, I will sell a few Rhode Island Red pullets. Will also sell a few cockerels cheap, if taken at once, as I must have the room. L. C. HOOVER.

Through an oversight, the name of L. C. Hoover was omitted from the list of Polk County prize winners at the Oregon State Fair, he having taken 1st prize on S. C. Rhode Island Red cockerel.

A little daughter of Mr. and Mrs. Reuben Hastings, of Airlie, was thrown from a horse Thursday of last week and one of her arms broken near the wrist. Dr. V. C. Staats, of Airlie, set the broken bones. The child was recovering nicely at last report.

Victim of Diphtheria

The 4-year-old daughter of Mr. and Mrs. H. A. Flint died of diphtheria in this city Saturday morning. The family arrived in Dallas from Oklahoma about a week ago and all have been afflicted with the disease. Dr. Starbuck, the attending physician, says the case of the father and mother are not serious. The family is being cared for by the neighbors.—Polk County Observer.

Ben Roff meets Instant Death at Simpson Brother's Camp

Airlie, Or., Oct. 1—Ben Roff, a laborer at the Simpson logging camp on the Big Luckiamute River, was struck on the head by a heavy chain and instantly killed late Friday afternoon.

The accident happened at 6 o'clock, just as the men were ceasing work for the day. Mr Roff was assisting in hauling out a load of logs when the chain holding the load gave way. One end of the chain struck him on the back of the head with terrific force and killed him instantly.

Mr. Roff was 25 years old and was married. His wife was at the logging camp at the time of the accident. Their home was in the Alesa valley, from which place they had moved to the camp to work. Mrs. Roff is a daughter of John Miller, of Airlie.

Boy Shot In Arm

Lyle, the 11 year old son of Mr. and Mrs. A. L. Shreve, was painfully injured Monday afternoon by being accidentally shot in the right forearm by a boy companion, Leo Willing.

The boys had a 22 calibre rifle with which they were shooting at a mark back of the electric light station, when the gun was accidentally discharged, the bullet striking the Shreve boy just above the wrist and ranging upward toward the elbow.

The lad was taken to Dr. Brewer's office where the injury was dressed. The bullet could not be located and it is thought it has lodged between the bones. It will not be disturbed unless signs of infection should develop. The lad is now doing nicely and the injury promises to heal rapidly.—Stayton Mail.
