Mary Jordan vs. John Jordan, divorce. Default and decree.

England Will Be A Republic.

All signs point to the early dissolution of the monarchy of Great Britain.

The people cannot always support the parasites flourishing under the name of royalty.

Think of a second-class kinglet asking to have his salary increased to about four millions per annum.

Think of a heritage called a civil list to support tenth cousin to the royal family devouring millions.

Think of the iniquity that flourishes under special privileges connected with royalty and aristocracy.

Then think of the same thing growing up in this country under the guise of highly organized political officialism.

This country is aping and reproducing a militant parasite class that proposes to live off the

people in the name of people's government.

But why blame them, when even the reformers and alleged friends of the people play the game of multiplying official until the cows come home.

After awhile the cows will not come home, as there won't be any thing for them to eat, and they won't give any milk. - Capital Journal.
