## REGULAR PORTLAND LETTER

Portland, Or., Mar. 7—Booster spirit ran high at the biennial dinner of the Portland Commercial Club the past week when the continuation of the Promotion Committee work was discussed. The accomplishments of the past two years were recounted and new enthusiasm gained for the future. The dinner brought together 370 prominent business men of Portland and a Greater Oregon and a united Pacific Northwest were pledged by the speakers.

Telegrams were read from James J. Hill, Judge Robert S. Lovett, Louis W. Hill, Theodore B. Wilcox, Howard Elliott, and others in which encouragement was given for the work accomplished. Speeches were full of optimism. C. C. Chapman, Geo. F. Johnson and others told of the progress of the work. President Stevens of the Hill lines in Oregon urged further promotion work and it was decided to raise \$200,000 for publicity during the coming two years.

Manager Chapman of the Promotion Committee laid special stress upon the Oregon Development League work and told of the splendid spirit shown throughout the state. The sentiment of all was that this co-operation should be maintained and all Oregon should be boosted, rather than any one section. Portland must grow with the Northwest instead a head of it.

Driving of last spikes on new railroads is a favorite festivity for Oregonians this year. The latest road to hold a celebration is the Grants Pass & Rogue River, which has just started a line of 30 miles from Grants Pass to Southern Josephine County where the celebrated caves are located. The first or silver spike was driven at Grants Pass during the week and a demonstration by the Commercial Club and the people of the city and surrounding country accompanied it.

Oregon dairymen will probably receive considerable benefit from the dairy dinner at the Commercial Club March 9, when methods to aid the industry will be discussed and means suggested to help foster it and encourage those engaged in it. Dairymen, state officials, members of the health boards and experts from the Oregon Agricultural College will attend and in the interchange of ideas how best to develop dairying, much of value may be expected.

The Fat Stock Show of the Pacific Northwest Livestock Association at the Portland Stockyards March 20, 21 and 22 will attract a great deal of attention from cattlemen and stock raisers. Indications are that a large number of people will attend the show and special rates of one and one-third fare has been made from Oregon, Washington, Idaho and Northern California for the round trip. Tickets will be on sale March 16 to 22, return limit March 20 to 24. The premium list is out and provides for the exhibition of cattle, horses sheep and hogs, with liberal prizes for

## TAXES.

The tax collector is abroad in the land. It is probably not amiss to call the attention of the people to the fact that if they pay on or before the 15th of this month a rebate of 3 per cent will be given them. Also remember that on the 1st Monday in April your taxes become delinquent. The books for this precinct are open at the Polk county Bank.

At this season of the year, before the warm weather sets in, is the best time to make a clean-up of the town. Let every citizen suggest to himself, it is high time for me to look after my own back yard. If this rule is followed out all will be well in our city.

winning stock. There is no admission fee whatever, nor is there an entry charge for animals exhibited.

Believing that Central Oregon offers unusual inducements to the hog raiser, the traffic department of the Harriman lines will make special efforts to aid the farmers in that region in the development of the industry. Special literature on the subject will be issued and distributed to interest the men on the soil in the production of more hogs. The book has been compiled by D. O. Lively, manager of the Portland Union Stockyards and a practical livestock man. It will be distributed widely throughout the state and particularly in the interior.

## MONMOUTH ROAD MUST GIVE

### BAGGAGE CHECKS

Salem, Or., March 8.—The Railroad Commission today made an order directing the officials of the Independence, Monmouth & Dallas Railway Company to discontinue taxing shippers of baggage extra money. Many complaints have been filed with the Commission by patrons of the line, alleging over-charges on trunks and other baggage and, upon investigating the charges, the Commission finds it necessary to order that baggage checks be issued and a uniform baggage tariff maintained.

### Appreciation.

Inasmuch as Supt. Seymour favored Monmouth with a County Institute for the teachers of the county, on March 4th;

Inasmuch as it became necessary, by reason of precedent, for the faculty of the public and high schools to entertain these teachers, involving a heavy outlay of time and money;

Inasmuch as Supt. Seymour publicly and privately expressed his keen appreciation of the efforts put forth, pronouncing it one of the best County Institute held in the county, both in interest and in numbers;

Inasmuch as the faculty recognize that the success of this meeting is due in a large degree to the hearty co-operation and willing support of the citizens of the town and the Rebekah Lodge of the I. O. O. F.;

We, the faculty of the public and high schools, take this opportunity to express our sincere appreciation to the citizens and to the Rebekah Lodge for their loyal support, thus sustaining most thoroughly the past reputation of Monmouth for its unflinching hospitality.

The University of Oregon appropriation is not mentioned, since measures are already being taken to refer that appropriation elsewhere in the state.
