In a game of baseball at Falls City last Sunday the home team was defeated by the Dallas team, the score being 12 to 1.

Geo. Kuch drove his automobile to Salem last Thursday. While there he visited Dewey Dodson at the hospital and found him getting along nicely. The young man will probably fully recover from the accident last week which rendered him in a critical condition for a short time. —Independence Enterprise.

The Monmouth aggregation of ball players gave Rickreall a visit, Sunday, but bad success seems to stand in their way, and while they raced around the diamond half a dozen times their opponents worsted them two to one, but when we consider that many of the Monmouth players are working men, who have no chance for practice, their showing was not so bad.

Rev. L. C. Hoover and family expect to leave tomorrow on their long journey to Everett, Ohio. They will go to Jefferson where they will visit friends for a few days and will then go to Milwaukee to attend the annual conference of the Evangelical church of this district which convenes next Thursday. After conference is over they will proceed on their journey going by way of San Francisco.

Abstracts promptly furnished at reasonable rates, by L. D. Brown, Dallas, Oregon. tf

Mrs. J. L. Murphy of Ocean View was in Monmouth a few days this week renewing old associations, having visited her son W. D. Murphy at Portland and her daughter, Mrs. H. E. Guthrie of Corvallis. Mrs. Murphy returned from Portland by the way of Dallas and had with her a beautiful gold watch which she had purchased at that place for her youngest daughter. This is the seventh watch of the same material purchased at that place in nineteen years being one for each child. Her father, David Rohrer, who was for twenty years a resident of Monmouth, who now lives at 2334 North New Jersey Street, Indianapolis, Indiana, has desire to see this part of Oregon and may take the trip with his daughter, who is thinking of visiting relatives in Oregon soon. The old gentleman is quite well yet and although he is 86 years old can write and spell yet quite as correctly as in his younger days, his letters being free from mis-spelled words or grammatical errors. Many of Monmouth citizens will remember Mr. Rohrer.

Fell from Flume

An accident occurred on the Sheridan Lumber Co's flume near the mill Saturday in which A. B. Taylor suffered a severe jolt from a 25-foot fall. Mr. Taylor is a recent arrival here from Michigan and was employed by the mill people in shunting logs as they came down the flume. The flume where he was stationed has a high elevation and in making a misstep he fell to the ground below some 25 or 30 feet and was considerably bruised but no bones were broken. His injuries were promptly attended to and he will soon be about again. —Sheridan Sun.

Greatest Picnic of the Year.

The teachers of Polk County and the Artisan lodge of Rickreall are planning for the greatest picnic of the year to be given at the picnic grounds at Ricereall, Saturday, June 3rd. The teachers are making their part of the picnic a graduation day for all the eighth grade classes of the county, and will have on the stage every eighth grade graduate in the county who can reach the grounds. L. R. Alderman, state school superintendent, will give the address to the class.

The Artisans will have several of their best speakers in the Northwest present and are advertising it in all parts of the state. A special train will be run from Portland and specials will be run from Falls City, Independence, Monmouth and other places in the county, is possible, as arrangements are now being made along that line. There will be sports of all kinds and a baseball game of the best class possible. All indications are that this will be the greatest picnic of the year in this part of the Willamette Valley. —Itemizer

Washington, April. —Declaring that the postal savings banks are making good, government officials announced that the system would be speedily extended to the larger cities like Chicago and New York. They have been trying them out in smaller towns and they are greatly successful.

Dallas, Or. May 1. —The following teachers have been elected for the new school year of the Dallas public schools: Principal, W. I. Ford; teachers, B. W. Treats, Sadie Lynn, Edna Morrison, Nola Coad, Maud Hart, Alta Savage, Mrs. Edith Plank and Mrs. F. H. Morrison.
