REGULAR PORTLAND LETTER

Portland, Or., June 27—Central Oregon will form its projected development league late this week at Prineville. A representative delegation from Portland will go and officials of the state league will attend, giving all the help possible in getting the new organization started along right lines.

Secretary C. C. Chapman of the Oregon Development League will attend and before returning to Portland will traverse a part of Eastern Oregon he has not yet visited, reaching Burns, Prairie City and other cities of that territory. He wants to get a close view of that section so as to learn for himself the needs of the people and the best means for development.

Children of School District No. 112, near Hermiston, will be given practical instruction in agriculture, taxpayers of the district having voted a special tax to buy a tract of land lying near the school grounds that will be used as a farm. Competent instructors in agriculture will be secured and all the work of plowing, planting, irrigating, cultivating and harvesting will be done by the pupils under the direction of the instructor.

Oregon's Agricultural College, at Corvallis, will have the best facilities in the United States for horticultural building, to cost \$36,000, when completed. Work has been started on the foundations. In future, the college will lay special emphasis on advanced work in the study of orchard problems, looking to the extermination of insect and fungus pests and seeking to adapt different varieties of fruits to the various soils and climates to be found in this state. This work is, of course, undertaken at present, but with the additional facilities it is expected much more will be accomplished.

Pioneers are interested in the purchase of ten acres adjoining the site of the pioneer monument at Champoege to add to the three acres already held there, making a state park. A fund will be raised for the purpose by subscription and the Legislature will be asked at the next session to repay the money advanced.

An interesting contest closed in Portland during the past week when the Y. M. C. A. distributed prizes to schoolboys who grew vegetables on back lots. An exhibit of the prize vegetables was made and the competition created a great deal of interest. About 250 school children entered and the showing was a creditable one.

Physicians of the state meet in annual convention in Portland, July 10-12 and the gathering will be held in the Commercial Club Convention Hall. A feature of the meeting will be the attendance of a large number of Eastern practitioners who will stop in Portland on their way home from the American Medical Association convention held in Los Angeles this week.

A "get-together" excursion

from Bend south to Klamath Falls, Lakeview, Paisley and other cities of South-Central Oregon was a pleasant event of the past week in the interior. The trip was made in automobiles from Bend and a number of Portland people, including an official of the Oregon Development League, went along. A better feeling was established and a better knowledge gained of the country visited.

Dr. Bowersox and wife went to Portland today.

P. E. Chase went to Portland yesterday on business.

Sheriff Grant, of Dallas, was here on business Thursday.

Miss Blanche Stitt entertained a few friends at 500 Wednesday evening.

F. Bender, of Spokane, is here installing a milking machine for J. B. Stump.

H. N. Pritchard, a traveling man of Portland, was here Tuesday selling hard ware.

Miss Bernice Cone, of Portland, is expected Saturday to visit her friend, Miss Kathryn Hughes.

A large number of our citizens attended the picnic at Dallas last Saturday, which proved to be a very pleasant affair.

The business men are having Main street, between Broad and Knox Streets, oiled for the purpose of getting rid of the dust.

A number from here will be in attendance at the National Convention of the Christian church which convenes in Portland next week.

The repair work on the Normal building is progressing nicely, one room having been tinted. There are six or seven men doing the work.

Marshal Nott took in a "Weary Willie," Wednesday evening, gave him a night's lodging in the city bastille, together with a good breakfast and sent him on his way rejoicing. He failed to register.

Frank Clark, of St. Johns, was here Sunday to Tuesday looking around. He will return in a couple of weeks with his family and two of his daughters will attend the State Normal school. We are also informed that Mr. Clark intends putting in a store in a building to be erected opposite Strickler & Murdock by Peter Kurre.

J. A. Haines, of Eckley, and W. W. Haines, of Eugene, attended the Pioneers meeting at Portland last week, stopping here Saturday to visit J. A.'s daughter, Mrs. H. Portwood, and family. The Messrs. Haines who are twins, visited the Campbell twins of Dallas, who were thought to be the oldest twins in the state and who are five years younger than the Hains brothers. Messrs. Haines and the Campbell twins had their pictures taken in a group as a memento of their visit together and the peculiar circumstances which lead to their acquaintance. The Haines brothers left Tuesday for their homes and we understand J. A. and wife will locate here the first of September.
