Cares For Women Travelers

Care of women travelers is one
of the principal aims of the
Southern Pacific Company and in
pursuing the fulfillment of this
policy the officials have recently
placed uniformed maids upon all
the ferry steamers crossing San
Francisco bay. Seasickness is
sometimes the fate of the women
travelers and the maids have
already demonstrated their use-
fulness in this respect. The
duties of these maids is to look
out for the comfort of women
passengers. The uniform is for
the purpose of identification and
all that is required by the pas-
sengers is to request her services.
At all the larger stations of the
Southern Pacific Company uni-
formed maids are employed and
they have proved to be a great
comfort to the thousands of
women travelers who patronize
the lines of that company.

Honor To Monmouth.

The \$20,000 public school build-
ing now in course of erection will
be completed shortly, and will be
an honor to the public spirit and
enterprise of the citizens of Mon-
mouth. It is planned to use the
upper floor for the Monmouth
high school, and the lower for
the Normal Training school.
This gives both institutions
splendid advantages.—Observer.
