Won't you come out tonight?

Zook the Painter, will hang your paper for you.

W. B. Eggleston is getting ready to move to Eastern Oregon.

Mrs. C. McBeth, of Independence was visiting in Monmouth yesterday.

Samuel Morrison was in Monmouth, Wednesday. Sam was riding a swell horse.

In another column you will find notice of a "Hard-times Sobriety." Get ready for it.

Mrs. C. V. Clodfelter and son arrived yesterday from Jefferson to visit her parents, C. G. Griffa and wife.

Work on the hotel extension is beginning to show up and if weather permits the walls will be completed in about ten days.

The Misses Armilda and Paradine Doughty visited their sister, Mrs. J. M. Grant, and family of Dallas, Saturday returning home Sunday.

Dr. Matthis has added to his possessions one of those nobby buggies of Winegar & Lorence, and also a set of harness which fits him out for traveling.

Clarence Waller, of Lewiston, Idaho, arrived here, Wednesday evening on a visit to his father and other relatives and friends. Mr. Waller was raised in Polk county, but this is his first visit home in about twenty years.

H. E. Bookey, brother to C. R. Bookey, arrived here Saturday morning, from St. Cloud, Minnesota, and will look around with a view to locating. If he finds a location to suit him he will move his family out next fall as he is very much averse to spending another winter in Minnesota.

Keep boosting for your town.

Sheep dip, Chicken house sprays, Louse killers. Perkins Pharmacy.

Mrs. E. M. Young, of McNary Station, was in Monmouth Wednesday visiting her mother and sisters, Mrs. Shore and daughters.

Graham & Son have further added to the efficiency of their livery business by the purchase of an automobile through the agency of Winegar & Lorence.

B. F. Baker is bound to paint something and as it is not just the proper thing to paint the town "red," he turned his attention to his fruit trees and painted them white.

True to promise the concert band made its appearance at the band stand, Sunday afternoon and dispensed its blessings upon a goodly number of Monmouth citizens who congregated to listen. The band is making good progress and was very liberal with its selections, which were appreciated by the assembly.

The ladies of the Dudley Buck Company were out Sunday with borrowed instruments but the scent of the weed clinging to the mouth pieces discouraged them, and they are strongly thinking of blowing their own horns. However they had their pictures "took" and any one wishing a sample can apply to the manager.

The horse must go; he's too slow; tires too quickly, and isn't always ready at a minute's notice like a good auto is. Then he gets frightened and makes trouble for you. Now an auto don't scare, and Winegar & Lorence will take pleasure in acquainting you with the merits and superiority of a Flanders or an E. M. F. machine. Ed says: "your'e bound to succeed if you auto."

HIGH SCHOOL NOTES

The students are very busy this week preparing for the coming debate, to be held in the the High School assembly room Friday evening, March 29th. Plans are being made to hold a rally on Thursday night and make this last debate of the season a truly interesting event.

Mr. Ira C. Powell addressed the members of the Societies during their last Fridays session. His talk was very much appreciated by all.

The new song books arrived Monday and the students are learning the songs.

The High School students consider themselves very fortunate to have been given the opportunity to hear so able a speaker as Dr. W. W. Williamson, who addressed them Tuesday morning on the subject of Sex-Hygiene. Dr. Williamson spoke to the High School girls and the faculties of both the High School and Training Department in the assembly hall at 10:30 a. m., while the boys of the High school and Normal were addressed together, an hour later.

Candidate Announcement.

I beg to announce my candidacy for the nomination for county assessor, subject to the will of the republican voters of Polk county, in the primary election to be held April 19, 1912.
