Small Pox at Falls City.

Several cases of small pox have been reported from Falls City, and County Health Officer Dr. B. H. McCallon reports that every case has been quarantined and that the schools have been closed and all public meetings discontinued for the time being. Another case is reported from Oak Dale, where Mrs. Thomas Wright is said to be ill with the disease. The Montgomery school, west of Airlie, has been closed, owing to the fact that the teacher, Miss Eva Chapin, whose home is in Falls City, visited there recently and contracted the disease. She returned to her school and continued to teach until compelled to relinquish her duties. It is thought that several of the pupils have been exposed and it was deemed wise to close the school for the time being.

Dr. McCallon states that all of the cases are in very mild form and he anticipates no cause for alarm on the part of anyone.
