

NEWS FROM THE HIGH SCHOOL

President P. L. Campbell, of the University of Oregon, spoke to the students in assembly at 3 o'clock last Friday. His address was an encouragement to high school students to plan for higher education. After his address he met the students in an informal reception. His visit was very much appreciated by the school.

Much excitement has been manifest since last Friday on account of the student body election held on Wednesday the 22nd. A constitution was adopted on Thursday and a primary election was held on Friday. The candidates were voted on at 11 o'clock Wednesday. Results of the election were President, Clarence Daniels; Vice President, Robert Thompson; Secretary, Delmer Heighton; Treasurer, Ida Strong.

The Freshmen class challenged the rest of the high school to a football game for Tuesday evening. Owing to the upper classmen's lack of training, the victory went to the Freshies by a score of 18 to 6.

The Senior class has issued its invitation to the students and faculty of the high school to attend a reception on Friday evening, October 24th.

Wanted—A Reflector

The following petition needs no explanation and we presume the "handy-man" has attended to his mission with alacrity. As requested we publish the petition but with-hold the signatures:

Oct. 20, '13.

"We the undersigned realizing that a large part of a school marm's efficiency lies in the charm of her good looks, and that a mirror, for those having courage enough to look into one, would aid materially, do hereby authorize our obliging "handyman" to negotiate for the purchase of one. Said mirror not to cost more than 25c per capita."

Lost His Pheasant

One of our local hunters was out hunting a few days ago and secured a live China pheasant which he placed carefully in his hunting coat pocket for the purpose of making one of his friends a present. But imagine his surprise and chagrin when in the effort of cranking his auto, in which he had gone to the hunting scene, the bird slipped out of his pocket and made its way to safety across a field while his gun was beyond his reach. Never mind such little troubles as that, Ed, you may get another chance at that bird yet but the old proverb is bursted. That bird in the pocket was not worth two in the bush. Moral: Don't crank your machine with a live pheasant in your pocket.

America's Greatest Weekly

THE Toledo Blade

TOLEDO, OHIO

The Best Known Newspaper in the United States

Over One Million Readers Weekly

POPULAR IN EVERY STATE
No Whiskey Advertising

The seventy-eighth year of its existence finds the Toledo Blade more popular than at any period during its long and successful career. The Blade is a newspaper of national influence and importance and goes into every state in the Union, thereby giving it an unquestionable right of claiming to be the greatest national weekly newspaper published in America.

The Weekly Blade is distinctly a family newspaper. The one object of its publishers has always been to make it fit for the American home, for the fireside, and of interest to every member of the family. To fulfill this purpose it is kept clean and wholesome. The news of the world is handled in a comprehensive manner, and the various departments of the Blade are edited with painstaking care. The Household page is a delight to the women and children; current affairs are treated editorially without prejudice; the serial stories are selected with the idea of pleasing the greatest number of fiction lovers; the Question Bureau is a scrapbook of information; the Farmstead columns are conducted with the purpose of giving the patrons a medium for the exchange of ideas and information on farm topics. No department is neglected, but every feature is taken care of with the idea of making The Blade worth many times the price of subscription—one dollar a year.
