

WHAT MIGHT BE DONE

What might be done if men were wise—
What glorious deed my suffering brother
Would they unite
In love and right
And cease their scorn of one another.
Oppression's heart might be imbued
With kindling drops of loving kindness,
And knowledge pour
From shore to shore
Light on the eyes of mental blindness.
All slavery, warfare, lies and wrongs,
All vice and crime might die together,
And wine and corn,
To each man born,
Be free as warmth in summer weather.
The mearest wretch that ever trod,
The deepest sunk in guilt and sorrow,
Might stand erect
In self respect
And share the teeming world to-mor-
row.
What might be done? This might be done,
And more than this, my suffering brother—
More than the tongue
E'er said or sung,
If men were wise and loved each other.
—Charles Mackey.

Student Loan Fund To Be Made Larger

O. A. C., Corvallis, Ore., Nov. 26.—As more than 60 per cent of students in the O. A. C. are paying their way through school, wholly or in part, and are often in need of financial assistance, the Student Loan Fund will be increased to more than twice its present size. An investigation made by a committee of the faculty showed that 76 students have availed themselves of the benefits of the Loan Fund, while one-fourth of that number were unable to secure a loan because the fund was exhausted. The committee recommended that the faculty take steps to raise \$1,250 by the middle of December. Hon. R. A. Booth will add another \$500 to his former contribution of \$500, upon which the fund will amount to \$3,500.

Heretofore it has been impossible to extend the loan beyond the period of one year. This was not satisfactory, as the time in which the students were required to pay the loan was altogether too short. The committee found that some very excellent young people have been compelled to abandon college work, because they were unable to earn money enough and carry the work of their course at the same time. It was also ascertained that some of the most desirable students avail themselves of the benefits of the Loan Fund.

It was unanimously recommended by the committee and unanimously endorsed by the faculty, that the Loan Fund should be increased to the extent that these meritorious young people, struggling against great difficulties, can be accommodated with loans at a low rate of interest for a reasonable length of time.

The faculty expressed a willingness to contribute liberally themselves and see that the required amount is raised. In this endeavor they hope to be joined by friends of the students throughout the state, who may wish to contribute to this worthy cause.

With the Churches

Evangelical Church

By W. A. GUEFFROY

Rev. G. W. Rohrbach, of Albany, Oregon, a missionary and organizer of Sunday schools for the American Sunday School Union, occupied the pulpit at the Evangelical last Sunday morning. He spoke of the interest of the work in Oregon, Washington and

Idaho and it was enjoyed by all who heard him.

That program on last Sunday evening was a ringing success and we feel grateful to the committee that shouldered the responsibility, to all those who had a part in the program and to all those present, for the church was full.

Portland Stock Receipts

Receipts for the week have been cattle, 1190; calves, 65; hogs, 4328; sheep, 6862.

CATTLE

A large proportion of the week's cattle business has been on a lower basis, due to the general inferiority of the stuff marketed. When an occasional prime load of steers or cows appeared in the yards, order buyers snapped them up quickly at top prices. A steer sale Monday at \$7.75 and a load or two at \$7.40 and \$7.50 is an example, but the bulk of sales were at \$7.00 and \$7.25. The poorest lot of cows and heifers seen here for weeks caused the session to drag. Killers are simply oversupplied on poor beef quality. Other butcher lines were steady.

HOGS

The hog market faltered on Tuesday when the trade weakened about ten cents, but during the remainder of the period \$8.00 proved to be a substantial price basis for choice lightweight swine. A big volume of business was transacted Monday and Wednesday. Monday had the second largest single day's run of the year, but live pork outlet seems to be broad enough to absorb liquidation to date.

SHEEP

The sheep house furnished some excitement Monday when a few decks of fancy lambs sold at \$6.00, a new record for the season. Other varieties brought \$5.50 and \$5.75. Nothing sensational visited the mutton division, as most of the transactions consisted of medium-grade ewes selling around \$3.65 and \$3.75. Prime ewes sold at \$4.00. Best yearlings are considered steady at \$4.75 and \$4.90. Old sheep, \$4.50.

Our 1913 Thanksgiving

Everyone in **MONMOUTH** has many things to be thankful for. The City as a city has many things to be thankful for. And there are many great and good gifts from Providence to mankind for which we all are thankful.

One of these is electricity.

In infinite ways this energy is employed for the safety, convenience, comfort and enjoyment of us all. Long undreamed-of—once a privilege of the wealthy few—today electricity in all its uses is well within the means of modest incomes.
