Monmouth,

Oregon

### Local and Personal

Zook, the paper hanger, will do your painting for you.

N. E. Foster and wife were trading in Monmouth Friday.

L. M. Hall, of Talmage, was doing business in Monmouth last Tuesday.

Fred P. Pyles was in Monmouth Monday interviewing our grocermen.

Allen Towns was in Monmouth Saturday, making arrangements to dispose of some of his fruit.

Glen Work, Calvin Holm and N. L. Heyser attended the dance at Independence Tuesday night.

N. L. Heyser and Joe Clark were among those from here who visited Salem Sunday evening.

Mr. and Mrs. O. C. Zook are recovering from their tussel with la grippe and are able to be up again.

J. F. Moreland donned the marshal's star Monday evening of last week and is looking after the streets.

Letha Eggleston, who has been in Montana for the past six months, has gone from there to Touchet, Washington.

Rexall remedies are all guaranteed to do what they are aimed for. Money back if they are not satisfactory. PERKINS PHARMACY.

J. S. Prime and wife returned Monday from Newport and left with their family, and Miss Dunn who has been visiting them for some time, Wednesday for Roseburg to take up their residence there.

### Surveying and Subdivining

Prompt service, work guaranteed.—Himes Engineering Company, Dallas, Ore., Phone 502

### Airlie Notes

The logs are coming down the river from the camps while it is high water. Many men from Airlie are on the drive.

Leonard Peterson left for Canada the twenty ninth of last month so as to be on his homestead by the first of the year. He had been home for nearly six weeks.

Lester Wood and Frank Jones are working with the Valley and Siletz Surveying Crew.

Olive Wilson, one of our "hello" girls fell on the side walk while returning from the post office Friday morning. She was not seriously hurt.

The School Superintendent H. C. Seymour and a Medical School Inspector, from New York, gave our school a whirl-wind call last Thursday. If she is inspecting the schools all over the state in the same manner that she did this one, the State Supt. or who ever is imposing her august person on the intelligent people and tax payers of the state, would do well to let her return to graft ridden New York where she belongs.

We were all glad to assemble back to the old school house Monday the fifth and put our pleasures away and take up our studies once more.

The pupils seem to appreciate the milk tester, judging from the amount of milk being tested. Two days were required to test the milk brought in last week. Some of the cows are testing high.

Rev. Mummy, the Presiding Elder, preached here last Sunday evening. Every body reported a good sermon.

There is going to be a new

pupil in the Airlie school. It is a thorough-bred pig which is to be fed by the school and when sold the money will go to the school. The pig is to be presented by Mr. Plummer, of Portland.

The surveyors are at work on the new Valley and Siletz rail road. They are surveying from Toeltensiers to Independence.

All parents and tax payers are requested to attend the meeting given in the school house Jan. 21.

Ask Herbert Byerley what has been the trouble lately. He has forgot his evening walk down the rail road track.

Miss Lionel McGuire has returned to her home in Albany after her long illness here.

The manual training class of the high school has succeeded well on its gate models. Mr. Seymour complimented the class very highly on its work.

### Dallas Is To Have A Large New Hospital

DALLAS: Or., Jan. 10.—The annual stockholders' meeting of the Dallas Hospital Association, held this week, elected the following board of directors: F. J. Coad, Oscar Hayter, Dr. B. H. McCallon, D. A. B. Starbuck, Dr. V. C. Staats, Dr. L. A. Bollman and Dr. W. S. Cary. The board organized by electing F. J. Coad, president; Dr. H. H. McCallon, vice-president; Miss Edith Starbuck, secretary and treasurer. The association, which has heretofore been using a large private residence for a hospital, now has the stock fully subscribed for a new building, which will have all modern hospital conveniences and will cost not less than \$10,000. The plans for this structure were submitted and approved at the stockholders' meeting, and bids for its construction will be called for as soon as the specifications have been prepared by the architect.
