TO RENT—Good pasture with plenty of water. Enquire of C. E. HERREN, Monmouth. 35t2

O. C. Zook built a summer kitchen on to the east end of the house occupied by Mrs. L. Oakes, who lives next door south of the printing office, this week.

Iven Dupray, a minister of the gospel, from Weiser, Idaho, was the guest of S. H. Hinkle last Sunday. Mr. Dupray is looking for a location. His family is at Cornelius and besides his ministerial profession he is a carpenter by trade.

J. F. Smith was in town Monday and in speaking with our reporter as to the prospect for prunes in his neighborhood said that the Italian prunes will be scarce, but that the Silver prune trees are loaded with fruit. The same information comes from other localities.

Jack frost was in evidence here again Monday morning, but outside a few tender plants being nipped, the damage is reported to be light. Ice is reported to have formed in places, and one of our townsmen reported ice as thick as a window pane at his place.

#### FOR CIRCUIT JUDGE

Glen O. Holman who is a candidate for circuit judge nomination is a graduate of Christian College and a lawyer of experience.

### May Day Pleasures

May Day was very pleasantly and profitably observed here, the Normal school students being the entertainers. There was a good attendance of Monmouthites, but it being a fine day and the farmers busy there was but small attendance from outside the town.

However, those attending enjoyed the exercises especially those in which skill and training are necessary to accurate performance, and we are inclined to think that had the public been aware of the high order of the entertaining features that there would have been a much larger gathering.

In the evening the Polk County Band discoursed sweet music for an hour or more, at the Bandstand, to a large and appreciative audience, a feature of which was the number of automobiles lined up, there being 17 present at one time.

#### Asks Damages for Injury

That Independence will in all probability be served with another law suit is quite certain, according to a rumor afloat. Mrs. C. F. Walton, who a few weeks ago was severely injured from a fall received on a delapidated wooden sidewalk, and who since has been unable to continue her work as a teacher in the public schools as a result, will institute suit against the city for damages at the next term of court. An X-Ray picture was taken last week of Mrs. Walton's injury, so we are informed, and the doctors gave her but very little encouragement relative to regaining the use of her shoulder and arm. Since Mrs. Walton fell on the defective walk she has been compelled to endure considerable suffering as well as give up her work as a teacher in the schools. —Independence Enterprise.
