"Go To School Day"

Friday, of this week, the public school, both the grades and the high school, hold open house to every person in the vicinity. The teachers and pupils are expecting all their friends to come and to spend the day with them. No change in the program will be made, hence patrons will see how their children are treated from day to day. Let every one turn out, if not for the whole day then for half or for only an hour. Mothers! Bring along your sewing, mending or darning and sit with your boy or girl in school. Fathers! Drop your work and run in. See the thing for yourself once. Don't take the other fellow's word for it.

Those who wish are urged to bring their lunch and eat it at school with the children. Put in a wish bone and a wing for Mary's teacher. That way you will all get acquainted.

This day will cost no money whatever—just your presence. If enough of you come Monmouth may get the prize offered by Mr. Seymour. There will be 5,000 parents in school in Polk county on Friday. Come be one of them. Ask any boy or girl the date and then see your name in the "Herald" next week. The Editor will be there.
