The Revival Meetings

By a Member

The meetings at the Baptist church continue with increasing interest. There have been several conversions and the number of people who are becoming deeply concerned in the matter of personal salvation is daily increasing. The work is done very quietly and earnestly. While the evangelist believes in the public service, he is constantly emphasizing the place and power of personal evangelism in modern religious activity.

The people of Monmouth who have been attending these meetings sing in the highest terms of the work that has been done and the spirit in which the meetings are conducted. Christians of every name and of no name are welcomed and participate heartily in the services. There are no sectarian and no doctrinal notes are struck to arouse antagonism concerning varying shades of belief where no vital principle is at stake. Messrs. Wherry and Finkett will remain a week longer.

Next Sunday will be a great day; three services; do not miss them. Next week the evangelist will present three discourses upon "Modern Sin and the Moral Law," dealing with the great problems of sin and vice in our modern life. The message will be torn off. Plain language is used, yet nothing will be said to offend any one except those of false morality or of impure life.

Mr. Paul Wherry of Melburnville has been assisting in the musical services this week and his work has been quite valuable. Mr. Adams returns today and will continue to lead in his delightful ministry of song. Every church will receive benefit from these meetings. Let us "get in somewhere" and help.

Grammar and the Lord's Prayer.
A party of gentlemen were discussing literary subjects when one asked another to point out the grammatical blunder in the Lord's Prayer. Half a dozen tried. Some thought it lay in the words "which art in heaven;" others pointed to elsewhere, but not one detected it in the expression, "Thy thine in the kingdom, the power and the glory." It is perfectly correct the word "of" should be "are," but people here much is in the present form so long that they never think of regarding it as a blunder. There are together who say such an expression is right because it sounds right, but when it and say, "The kingdom, the power and the glory is thine," and the fault is in pronunciation. Exchange.

FOR GREATER EASE AND COMFORT we recommend

White Cat Union Suits—a leading line with us. We want to demonstrate for you "how" these suits give smoothest comfort.

They have the knitted Klosed-Krotch like a pair of drawers without a seam. Smooth, unbroken crotch prevents gaping open. No double thickness and no loose folds of cloth to sit upon. No opening of edges run to or through the crotch to cut and irritate.

Ask to see the cause of all the comfort—the seat opening across one leg.

You will see "at-a-glance" more reasons for comfort than we could tell you in a half hour.

We are waiting to demonstrate the greater comfort for you.

Come in now before the cold weather gets here.
