

**DE LAVAL**  
Cream Separators  
**ARE TIME TESTED**

Every little while you hear of some brand new cream separator, claiming to be a "world beater" and just as good as the De Laval but a little cheaper. These "mushroom" machines stay in the limelight only until they are "found wanting" by the the users and in a short time drop out of sight.

It takes years of experience to build a "real" cream separator. More than 50 years of experiments and experience have made the De Laval pre-eminently the best machine on the market for the separation of cream from milk.

If you buy a De Laval you run no risk of dissatisfaction or loss. It's time tested and time proven. Why experiment? Why take chances with an inferior machine when you know that the De Laval is the best machine for you to buy.

If you are thinking about buying a separator we will consider it a favor if you will permit us to set up a De Laval for you on your own place and have you give it a fair trial.

## Former Normal School Student Receives High Scholarship Record at U. of O.

Louis B. Hoisington, a former student of the Oregon State Normal School at Monmouth and who is now taking graduate work at the University of Oregon is listed among the students who received high scholarship records during the recent mid-year examinations. Hoisington is accredited with "H's" in Shelley, Adolescence (Psychology), Aesthetics, and Research Laboratory-Psychology; an "S" in Chemistry and an "M" in French. Under the University's system of marking, "H" or "honor" is the highest grade and is hard to obtain. Only 168 "H's" were awarded this year. "S" or "Superior" is the next highest grade; "M" or "Medium" is third; "P" or "Poor" is fourth and "F" signifies failure to pass the course.

## Plowing Match To Be Held In Lane County

Oregon Agricultural College, Corvallis, March 10.—Arrangements have been made by County Agriculturist R. B. Coglon with the officers of the grange at Donna to hold a plowing match in the near future. As far as can be discovered no such contest has ever been held in Lane County. Plowing matches are frequently held in many sections of the Middle West and arouse great interest in the localities, large numbers of people turning out. Valuable prizes are often given by the merchants and implement companies.

## Boys Fool Pool Hall Law

Falls City is facing the problem of barring youths between 18 and 21 years from poolhalls. The boys went before the council about two months ago to secure permission to play pool, but since the state law covers the subject, the council took no action. The boys prevailed upon one of the owners to close the poolroom, and a private club was organized.

As the public is barred and as no charge is made for pool playing, the council in session last week was unable to devise a method whereby the club could be handled effectively and according to the liking of the majority of the citizens. No law could be found making it an offense for minors to play pool or billiards in a private club, nor to prevent them joining any such club.—Observer.

## Breaks Arm by Fall

While going to the barn at their home Saturday afternoon, Mrs. A. J. Barham had the misfortune to fall, breaking the right arm between the elbow and shoulder. Mr. Barham was in the barn at the time of the accident, and assisted his wife to the house, where a surgeon was summoned and the fracture reduced. Mrs. Barham is getting along as well as could be expected.—Dallas Observer.

## House Burned

A house in North Independence belonging to Hanna Bros. burned to the ground Tuesday night. It was occupied by a widow woman who saved most of her furniture. The fire department was not called out as the house was out of the water limit.—Monitor.
