

DE LAVAL
Cream Separators
ARE TIME TESTED

Every little while you hear of some brand new cream separator, claiming to be a "world beater" and just as good as the De Laval but a little cheaper. These "mushroom" machines stay in the limelight only until they are "found wanting" by the users and in a short time drop out of sight.

It takes years of experience to build a "good" cream separator. More than 50 years of experiments and experience have made the De Laval pre-eminently the best machine on the market for the separation of cream from milk.

If you buy a De Laval you run no risk of dissatisfaction or loss. It's time tested and time proven. Why experiment? Why take chances with an inferior machine when you know that the De Laval is the best machine for you to buy.

If you are thinking about buying a separator we will consider it a favor if you will permit us to set up a De Laval for you on your own place and have you give it a fair trial.

THE WINTER SEASON IS
Hard on Fences and Fencing.
Spring-time always requires
readjustment, and now is the
time to take stock of your re-
quirements and lay in your
material for making repairs.

We can supply your needs
and
Our Prices are Right.

Bargains For You

Heavy and Shelf Hardware AND BARGAINS WINEGAR & LORENCE Monmouth, Oregon

Local and Personal

Mrs. Kate Baab was a business visitor to Monmouth Tuesday.

More Douglas fir is used than any other wood in the world.

Mr. and Mrs. G. W. Baun were shopping in Monmouth last Friday.

F. P. Lefever and wife of Cooper Hollow were trading in town Saturday.

J. L. Murdock was a business visitor to Portland Sunday returning home Monday evening.

A. W. Darby of Corvallis visited his friend, Walter G. Brown, between trains last Friday.

Red alder is now being used to make matches, and western juniper has been found to make good pencils.

Mr. and Mrs. W. J. Miller left for Southern Oregon the latter part of last week and were at Provolet the last heard from them. They will return home next week.

W. J. Mulkey was called to Portland last Sunday having been drawn on the Federal Grand Jury. He was excused and returned home on Monday.

C. G. Griffa and F. W. Bell were visitors to Jefferson last Wednesday. Mr. Bell went over to look at some property that is offered for sale in that locality.

Miss Cora Green was absent from her duties at the Weatherbee & Jones store in Independence several days this week on a "swell affair." She has been nursing a well developed case of the mumps.

J. F. McClellan received word a few days ago from his son, George, who is at Platteville, Colorado, conveying the news of the arrival of a six and a half pound daughter in his son's home on March 7th, 1915.

B. F. Brker and wife from Newport were in Monmouth Sunday night. They came here from Lebanon where they had been visiting relatives and left the next day.

M. P. Dennis, representing the Salem Statesman, was in town Friday of last week soliciting for that journal. He is trying to win a Mitchell automobile as a prize for his labor.

W. A. and Ed Himes and W. R. Coulter from Dallas have been engaged for the past week in surveying the the Butler farm, north of Monmouth, preparatory to a division among the heirs, one of them being Mrs. Coulter. Mr. Coulter informed a HERALD reporter that he expected to move back here next fall.

Forest Notes

During the calendar year 1914, the Forest Service reforested 1,074 acres of burned over land in Oregon. To do this required the planting of 800,000 trees. It is expected that three times that many will be planted out during 1915.

At present there are three and one-half million trees growing in the Forest Service nurseries of Washington and Oregon. This number is sufficient to plant five thousand acres of burned over land. One and one-half million of these trees will be shipped out this spring for planting on the National Forests of Oregon and Washington.

The Forest Service plans to plant trees this spring upon a thousand acres of burned over land on Mt. Hebo in Tillamook County, Oregon. A crew of fifty men will be employed.

A plant has been built at Auburn, Washington, to supply that city with gas made from wood.

Monmouth Heights

Several of here were in Independence Saturday.

Mr. Comstock returned from Salem Sunday.

Frank Hinkle of Monmouth was on the Heights first of the week.

Jesse Johnson and family of the Luckiamute were guests of relatives here Sunday.

Dave Dove made a business trip to Independence last week.

Jay Clarke of the Luckiamute sheared goats here the past week.

Mrs. John Stump was a Monmouth visitor Sunday.

Mrs. Belle Sullivan and daughter Bessie of Monmouth visited with Mrs. Retta Hamar Saturday.

Clem Fishback and family returned to Carlton Tuesday after spending 11-2 months here.

Frank Clarke of Monmouth was here Saturday on business.

Herman Wunder has set out fifty peach trees recently.

Clay Gothridge was trading in Monmouth Friday.

FLOURMILL TO START

G. H. Stone and son, G. G. Stone, have moved here from Portland and are at work on the Stone flouring mill preparatory to starting it up again. Mr. G. H. Stone built the mill and sold it to J. M. Stone and the latter failed to pay for it so the original owner came into possession again by having to close the mortgage which he held against the property. Mr. Stone does not know just when he will start the mill to grinding.
