

If you want the best
in PLOWS buy

The farmer who buys either the New Deere Gang or Sulky Plow gets absolutely the finest, most servicable implement of its kind ever produced. Before buying such a tool you'll want to know how it's built, how it works and what it will do for you. As to quality of the material and workmanship the name Deere on it is a sufficient guarantee for you on those points. For ease of operation and light draft the New Deere will be a happy surprise to you. The many new features which enable the operator to do work with it he never could do before, with a sulky or gang plow, are marvels of simplicity and effectiveness. It takes a whole book and a lot of illustrations to explain them all, and we know you will want to read the book.

We feel sure we have just
what you want in
wire fencing
