### 5000 Rose Slips On Hand

University of Ore., Eugene, Jan. 10—Five thousand Frau Karl Druschki rose slips, set out last summer and now well rooted, await the call of the public and private high schools of Oregon. Upon request a reasonable number will be sent free to each.

Last year 2500 slips were sent out to schools in lots averaging about 20. Requests numbering about 125, nearly all from high schools. The University has no objection to second requests from schools that secured slips in 1915, since the offer probably will be made annually so that schools may build up permanent Frau Karl Druschki hedges.

Last year's slips grew in almost every instance.
