

If you want the best
in PLOWS buy

The farmer who buys either the **New Deere Gang** or **Sulky Plow** gets absolutely the finest, most servicable implement of its kind ever produced. Before buying such a tool you'll want to know how it's built, how it works and what it will do for you. As to quality of the material and workmanship the name **Deere** on it is a sufficient guarantee for you on those points. For ease of operation and light draft the **New Deere** will be a happy surprise to you. The many new features which enable the operator to do work with it he never could do before, with a sulky or gang plow, are marvels of simplicity and effectiveness. It takes a whole book and a lot of illustrations to explain them all, and we know you will want to read the book.

We feel sure we have just
what you want in
wire fencing

Newt Foster is cutting wood these days.

James Short and family moved to Independence last week.

Miss Goldie Egleston visited with relatives in Independence Saturday and Sunday.

The people on the Heights

were pleased when the snow disappeared.

Finished Year's Official Test

J. B. Stump & Son, proprietors of Fair Acres Stock Farm at Monmouth, are feeling pretty good over the fact that their Jersey heifer, Noble's Ruby of Fair Acres, a daughter of their great show sire, Noble Peer, finished her year's official test, begun when one year and eleven months old with first calf, with 514 pounds of butter and 8,261.6 pounds of milk. She is a show cow, too. The Messrs. Stump realize that there was a prejudice against Noble Peer as a producing sire. But practically all his heifers have been good producers, several in other herds, that have not been tested, being heavy milkers. The number of sires with two-year-old heifers making official records of over 500 pounds is very small, so Noble Peer must be a good sire. The heifer had no advantage over the balance of the cows. She entered Class AA and promises to improve with age. —Rural Spirit.

FOR SALE

After Feb. 5th I will have for sale, eggs for hatching from two especially mated pens of the famous O. A. C. laying strain of Barred Rocks. Single settings of 15, each \$1.50, two settings for \$2.50.

You cannot secure a better laying strain anywhere then from these two pens as O. A. C. Barred Rocks won sweep-stakes in the egg laying contest at the Panama Pacific Exposition. You would better place your order early as the number of these settings will be limited.
