The three children came and stood in a row in front of their mother. "Mamma," they said, "what would you like for your birthday?" The mother looked down benignly upon the group and answered: "My dears, mamma wants nothing for her birthday, nothing but three good children. She'd like that." "But then, mamma," cried the eldest, "then we'd be six."—Philadelphia Public Ledger.

A Famous Physician's Wonderful Discovery

After a series of careful experiments and tests at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., covering many years—Dr. Pierce, the medical director of that hospital made announcement that he could prove that a medicine which he called "ANURIC" was the best uric acid solvent now to be had. As a remedy for those easily recognized symptoms of inflammation—as scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly "Anuric" acts; causing the pains and stiffness rapidly to disappear.

Swollen hands, ankles, feet, are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the

The kindly old squire was giving a little treat to the village school children. After tea he stepped on to the platform and announced, with a beaming smile:

"Now I am going to perform certain actions and you must guess what proverb they represent. The boy or girl who succeeds first will receive a quarter."

That did it. Instantly every eye was fixed on him. First of all, the old man lay down on the platform. Then one man came forward and tried in vain to lift him. Two others came to his aid, and between them they raised the squire, who was rather portly.

The actions were meant to represent the motto union is strength. When they had finished, the squire stepped forward and asked if any child had solved the puzzle.

At once a grubby hand shot up and an eager voice squeaked:

"Let sleeping dogs lie."—American Boy.

Owing to a fog, a steamer stopped at the mouth of a river. An old lady became very nervous and inquired of the captain the cause of the delay.

"But captain, I can see the stars overhead," she argued.

"Yes," said he gruffly, "but until the boilers bust we ain't going that way."—American Boy.

"Look here, my friend, what on earth are you waiting for? You've been standing here for an hour in the pouring rain."

"I'm waiting for a car."

"But at least five have just gone by."

How to Heal Itching, Burning Skin Diseases

A Baltimore doctor suggests this simple, but reliable and inexpensive, home treatment for people suffering with eczema, ringworm, rashes and similar itching, burning skin troubles.

At any reliable druggist's get a jar of resinol ointment and a cake of resinol soap. These are not at all expensive. With the resinol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resinol ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.—Adv.

"No," replied his wife. "Someone might recognize them."—Philadelphia Ledger.

English Beer Output Cut; Oregon Hop Market Affected

Portland — The export demand for hops is not going to be as much of a factor in the coming season as in past years, unless the war is brought to a close, as production of beer in England is to be limited.

Word has been received from London that arrangements have been made between the British government and the Brewers' society to reduce the beer output from April 1, 1916, by 28 per cent of the output of the year ended September 30, 1914. The aim of this restriction is to reduce the importation of brewing materials by 33 1-3 per cent, though no direct steps will be taken to restrict the importation of materials.

At the moment there is a very good market at all points on the Coast, and prices are, if anything, steadier than last week.

The furnish crop of 195 bales at Reedville was bought by Ralph E. Williams at 10 1/2 cents. Offers as high as 11 1/2 cents were made for good Oregon in other sections.

The Chamberlain lot of 126 bales at Chehalis was purchased by Harry L. Hart at 10 1/2 cents. Another important Western Washington deal was the sale of 350 bales of the Klaber crop at Chehalis at 11 cents. In Yakima orders at 11 cents are going unfilled. Only five crops remain unsold in the Yakima section.

In Sonoma, where unsold stocks are reduced to 3000 bales, bids are out at 11 and 12 cents. The sale by Mrs. Duncan of 115 bales of Sonomas at 11 cents is reported. Hofer & Johnson sold 99 bales of Mendocinos, but the price was not wired. Marks bought the Gerber crop of 263 bales of Sacramentos at 9 1/2 cents.

Fruit Damage Is Now Feared.

Marshfield, Or. — Fear is felt here for the fruit crop, particularly berries, in the finish of the present storm, which commenced five days ago. The weather has been cold and much hail has fallen at intervals. Strawberries which are about coming into market will be injured unless there is a sudden ending of the storm. Nearly three and a half inches of precipitation is the record for five days.

Did the Trick.

Patriotism is a strong instinct in the breast of a certain elderly lady, who was recently much troubled at the failure of her three nephews to enlist. They were such stalwart, sturdy fellows that she was ashamed of them.

When strong hints had been received in silence, her patience became exhausted. One day she sent a telegram to each of the three. These all bore the same message:

"Your country is calling. Wire reply if you wish to borrow my ear-trumpet."

She is now very proud of her three lads in khaki.—London Answers.

Preparedness.

Mr. Tompkins was obliged to stop overnight at a small country hotel. He was shown to his room by the one boy the place afforded, a colored lad.

"I am glad there's a rope here in case of fire," commented Mr. Tompkins as he surveyed the room, "but what's the idea of putting a Bible in the room in such a prominent place?"

"Dat am intended foh use, sah," replied the boy, "in case de fire am too far advanced foh yo' to make yo' escape, sah."—Philadelphia Public Ledger.
