Idaho Crops Have Suffered.

The monthly bulletin of the Caldwell Commercial Bank, just issued, says:

Crops have suffered quite severely since our last letter, due to cold weather. On May 9, 10 and 11 a cold wave extending over this entire section of Idaho, and with a low temperature of 20 degrees above zero reported, killed practically all of the fruit and damaged the grain and hay crop to some extent, nipped the less hardy garden truck, damaged the roses and will mean quite a heavy financial loss to the country. The strawberry crop seems to have survived the best of any of the fruits. Since May 18 the rainfall has been considerable and of much benefit. The temperature for the month has been below average.

The usual anticipated rise in the price of wheat at this season has failed this year. In fact an uncertain market with a downward tendency has ruled recently. The Caldwell Milling Elevator company report paying \$1.35 per cwt. for wheat, \$1.15 for oats and \$1.25 for barley.

Heavy shipments of hay were made during the past month and practically all of the 1915 crop is cleaned up. The first crop of alfalfa will not be up to average, due to the cold weather, and will be somewhat late.

Cantaloupes on Market.

Spokane—In spite of the wet and chilly weather the stores have managed to make a brave show of spring fruit and vegetables, although the local products have been retarded. The two novelties to be found are cantaloupes at 15 to 25 cents each and apricots at 25 cents a pound or 75 cents a box. Cherries from California are fairly plentiful at 25 cents a pound alike for the light and dark varieties. The supply of asparagus has been lessened by climatic conditions and the local crop has scarcely been touched. Warmer weather will bring it in more abundantly.

Copper Mine Reopened.

Baker, Or.—Once abandoned as an unprofitable venture, the old Paymaster mine, a copper property in the Eagle Mountains, is being reopened, since the traces of the rare ore, molybdenite, with a market value of \$3000 a ton, have been found. W. A. Gilliam, Isaac and Griswold Miller and Bradley Bros., owners of the property, also believe that a considerable income may be netted from the main copper ore bodies. Assays just made of some of the ore samples give 64.3 per cent values, meaning, at the present quotations, from \$300 to \$400 a ton.

Save Money on Your Stump Blasting—

The explosives that get stumps out cleanest and cheapest are those that have a heaving and lifting effect, shattering the stumps just enough to break them up. Then you can handle them easily.

"The farmer," says an Experiment Station, "should use an explosive that stands all ordinary shocks of handling and does not easily freeze. He does not need the expensive nitroglycerine explosives." Thousands use

GIANT FARM POWDERS

STUMPING—AGRICULTURAL

and save money because they go further than others. They are made especially to suit Western farm conditions.

Giant Farm Powders—the product of the oldest manufacturer of high explosives in the United States—are the only genuine "giant powders" for agricultural use. They are made in two brands—Giant Stumping Powder, ideal for blasting in wet ground; and Eureka Stumping Powder, the money-saving, low-freezing explosive for blasting stumps in dry soil.

Ask your dealer for Giant Powders and blasting supplies. If he does not have them we shall see that you are supplied.

For Domestic Animals.

Horses, cattle and sheep are liable to sores, sprains, galls, calks, kicks, bruises and cuts, and Hanford's Balsam of Myrrh is the standard remedy for such cases. When you consider how valuable your stock is, having the Balsam always on hand for them is a cheap form of insurance. Adv.

The Origin of Pork.

Mary had a little pig,
Its tail inclined to snarl;
It followed her to Washington,
And now it's in the bar!

Mary raised this little pig
Till he became a shoat;
Then presented him to Congress
To capitulate the vote.

And now he rules the army,
The navy and the lakes;
Too bad he can't be captured,
From the legislative fakes.

What makes the pig so popular?
The eager people cry;
Because there's pork inside him,
And Congress doth defy.

The pen is mightier than the sword,
We often have been told.
But pens for Congress porkers
Are always built with gold.

Should Mary raise another pig.
We beg here to advise
That pigs are not for Congress,
But should be kept in sties.
—Newton Wilcoxson.

Age of Corsets.

No one can say just when corsets first originated, but that they are of great antiquity is proved by the fact that Terence, a famous Roman dramatist, whose plays have survived 1,800 years, describes one of his characters as being "not like one of our girls whose mother compels her to tighten her body in order that she may have a small waist."

URIC ACID--GOING--GOING--GONE

"Anuric" Will Not Fail to Stop Your Backache.

People are realizing more and more every day that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working, separating the poisons from the blood. Under this continual and perpetual action they are apt to congest, and then trouble starts. Uric acid backs up into the system, causing rheumatism, neuralgia, dropsy and many other serious disturbances. Doctor Pierce of Buffalo, New York, advocates that every one should drink plenty of pure water between meals. Every day should exercise in the outdoor air sufficiently to sweat profusely, and from time to time stimulate the kidney action by means of "Anuric." This preparation has been thoroughly tried out at his Sanitarium, in the same way as his "Favorite Prescription" for weak women and "Golden Medical Discover-

ery," the standard herbal tonic (both of which now come in tablet form for convenience of carrying and taking). "Anuric" is now being introduced here, and many local people are daily testifying to its perfectness.

When you have backache, dizzy spells or rheumatism, heed nature's warning. It means that you are a victim to uric acid poisoning. Then ask your druggist for "Anuric" and you will very soon become one of hundreds who daily give their thankful indorsement to this powerful enemy to uric acid.

If you have that tired, worn-out feeling, backache, rheumatism, neuralgia, or if your sleep is disturbed by too frequent urination, get Dr. Pierce's Anuric Tablets at drug store, full treatment \$1.00, or send 10c. for trial package to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.
