Banquet is Held in Barn While Cows Are Milked.
For the purpose of emphasizing the sanitary condition of the dairy of the state hospital at Napa, Calif., the Napa County Live Stock Association held its annual banquet in the barn where the cattle are kept, according to the August Popular Mechanics Magazine. Long tables were placed in an area between rows of stalls, and covers laid for 120 persons. In the same room with the banqueters were 200 cows in their stalls. While the men ate, the cows were milked by the employees of the dairy.

Different.
Hostess (at party)—Does your mother allow you to have two pieces of pie when you are at home, Willie?
Willie (who has asked for a second piece)—No, ma'am.
"Well, do you think that she'd like you to have two pieces here?"
"Oh," confidently, "she wouldn't care. This isn't her pie."—Philadelphia Public Ledger.

WOMAN HAD NERVOUS TROUBLE
Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for female troubles and it straightened me out in good shape. I work nearly all the time, as we live on a farm and I have four girls. I do all my sewing and other work with their help, so it shows that I stand it real well. I took the Compound when my ten year old daughter came and it helped me a lot. I have also had my oldest girl take it and it did her lots of good. I keep it in the house all the time and recommend it."—Mrs. DEWITT SINCEBAUGH, West Danby, N. Y.

Sleeplessness, nervousness, irritability, headache, dragging sensations, all point to female derangements which may be overcome by Lydia E. Pinkham's Vegetable Compound. This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound

Washington's 1916 Apple Crop
Estimated at 16,000 Carloads

Spokane, Wash—Sixteen thousand cars is the estimated apple crop in the state of Washington this year. This is 3000 cars in excess of the yield of 1915. The peach yield is placed at 1063 cars, pears 1239 cars, and plums and prunes 395 cars.

R. G. Page, president of the Arcadia Valley Fruit Growers' association, announces that plans are being drawn for a storage warehouse to be built near Deer Park this season. The building will be 100x100 feet, of reinforced concrete construction.

Announcement is made by J. M. Balfour that the Balfour-Greely Grain company will establish a plant here to store, clean and grade Montana wheat. The first unit will cost \$15,000. The company's plan is to bring wheat to the Spokane plant from all the railroads reaching into and through Montana, and to supply cleaned and graded wheat to the mills of the Inland Empire and to the Coast for export and to the East. The Montana crop amounted to 40,000,000 bushels last year.

Parable of the Sugar Bowl.
If there is just so much available fertility in an acre of soil and you use part of it in making a corn crop, part in an oat crop, part in wheat, and another part in grass, and then begin the rotation over again and keep selling off the larger part of it all the time, you are like the housewife who has a bucket of sugar and dips out one day with a teaspoon to make a cake; another time fills the sugar bowl and another time dips out with a spoon to sweeten lemonade or make cookies, without the bucket being refilled.—Green's Fruit Grower.

Montana Wool High.
Billings, Mont.—The largest clip of wool in Eastern Montana has been sold to a Boston firm at the highest price on record, 34 1/2 cents a pound being reached in this transaction. George Herd, of this city, has sold his clip, estimated at between 240,000 and 250,000 pounds, to Claude Ketchum, representing a Boston house.
The Herd clip is particularly attractive because of its long staple and uniform character.

University Loses Four Million.
New York.—Columbia University loses a bequest of \$4,000,000 under a verdict by a jury setting aside the will of the late Amos F. Eno. This amount represented Eno's residuary estate, which his relatives assert he willed to the institution while of unsound mind.

A Famous Physician's Wonderful Discovery
After a series of careful experiments and tests at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., covering many years—Dr. Pierce, the medical director of that hospital made announcement that he could prove that a medicine which he called "ANURIC" was the best uric acid solvent now to be had. As a remedy for those easily recognized symptoms of inflammation—as scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly "Anuric" acts; causing the pains and stiffness rapidly to disappear.
Swollen hands, ankles, feet, are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.
It is just as necessary to keep the kidneys acting properly as to keep the bowels active.
The very best possible way to take care of yourself is to take a glass of hot water before meals and an "Anuric" tablet. In this way it is readily dissolved with the food, picked up by the blood and finally reaches the kidneys, where it has a tonic effect in rebuilding those organs.
Step into the drug store and ask for a 50-cent package of "Anuric" or send Dr. Pierce 10c. for trial pkg. "Anuric"—many times more potent than lithia, eliminates uric acid as hot water melts sugar. A short trial will convince you.
