GRAIN HARVEST EQUIPMENT

"PLYMOUTH" Saves Your Time and Money

Bothersome knots, frequent breaks and snarls—these come from using cheap twine. They cause delays and breakdowns that amount to many times the cost of the twine. You can avoid this extra cost by using PLYMOUTH. No getting down from your seat to loosen snarled places; no stopping to thread up; no loose sheaves to re-bind and no lost grain.

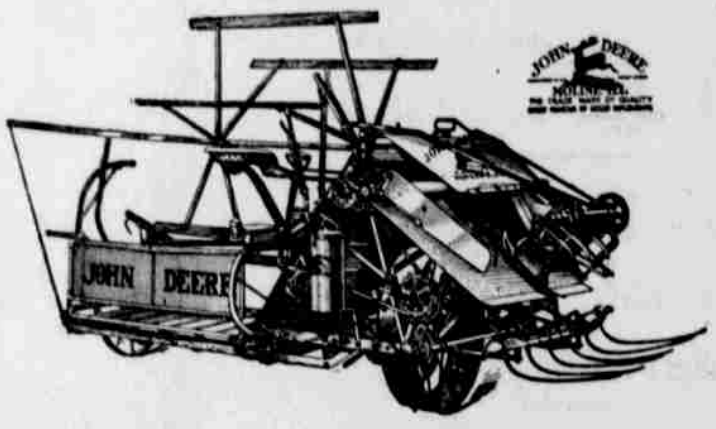
PLYMOUTH BINDER TWINE

always satisfies. Wheat growers say, "PLYMOUTH is the most even twine ever made." Any man who uses PLYMOUTH will tell you it has the fewest knots and causes the least trouble. Works perfectly on both old and new binders. Saves many times its own cost. Goes farthest. Always marked with the sheaf-of-wheat tag, which guarantees a smooth-running, strong, full length twine. Call and let us tell you more about PLYMOUTH. Ask for free booklet on twine.

See us for Plymouth twine

John Deere Binder

John Deere implements are the best to be had. No untried mechanical construction has been embodied in the John Deere binder.



When you compare the John Deere with others you will readily see that it is the most durable, strongest grain binder on the market and that the substantial construction is applied throughout the entire machine.

WINEGAR & LORENCE, Monmouth

County Pays Bills
