For more than half a century the name of Van Brunt has stood for the best in drill construction.

Van Brunt Single Disc Drill

From the first all effort has been two fold. First, to make a perfect seeding machine, and second, to construct that machine so as to give long life and constant service, Van Brunt drills today fulfill this ideal.

ELECTION DAY AND RESULTS

A Large Vote Out. National Winners Still in Doubt

Continued from page 1

the girls of the Normal school had turned Oregon, which was highly flattering to our sense of importance.

By Thursday, however, it had become apparent that Oregon was in the Republican column with over 5,000 votes to spare, and as we have it the situation rests now with California, Minnesota, North Dakota and New Mexico, all of which had been indicated to Wilson but in which the notorious back counties were slowly cutting down the lead.

It is a curious fact that the result of the election, as far as the east is concerned, was foretold by a straw vote taken among its subscribers by the Literary Digest. This vote indicated that New York, New Jersey, Indiana and Illinois were Republican but that Ohio favored Wilson. Roughly stated, Ohio is the only northern state, east of the Mississippi, which has gone to Wilson. Iowa is the one state west of the Mississippi which was not at any time in doubt and which is for Hughes. It may take a special count to decide doubtful states and may even require congressional action.

Howard Morlan was driver for a party of the Normal people to see the Washington-Oregon football game at Eugene last Saturday. Those making the trip were the Misses Butler, West, Kennon and Miss Rodabaugh.

Rainfall for the month of October was 1 1-2 inches.

The grange holds its regular meeting next Saturday. Business meeting at 10:30. Dinner at noon and program at 1:30. All invited to the program, a feature of which is a discussion of county agricultural conditions, led by W. J. Stockholm. There will be the consideration of matters arising from the Question Box and a reading by Ruth Mills. There will also be some musical numbers to make up the usual interesting program.

Mr. Thgayease and wife of Jasper, in Southern Oregon, were visitors here Wednesday, passing through the city on their way to Airlie to see their brother-in-law, Hugh Williams. The latter is seriously sick and not expected to live.

Chas. Powell, a resident of Airlie, was killed in a lumber camp near that city recently. A tree fell on him in the woods while he was cutting timber.

Mrs. C. W. Stengel asked a few ladies in to tea very informally on Friday afternoon for her visiting daughters, Mrs. I. B. Rhodes and Mrs. A. H. Meyers. Those accepting her hospitality were the Misses Taylor, Todd, Cassie Stump, Mrs. Mary Campbell and Mrs. Stine.

The Priscilla Club

Each member of the club is requested to bring a full equipment for sewing, including sheare and thread, at the regular meeting to be held Saturday, November 18, with Misses Maggie and Allie Butler.

Parent-Teachers

The program committee announces a very interesting program for the next meeting of the Parent-Teacher association which is to be held in the high school assembly room next Tuesday evening, Nov. 14th.

Moving pictures is the subject selected for discussion this evening. The committee suggests a plan for working with the local movie house for a series of pictures that will be both educational and entertaining and which may materialize into something more than a theory during the coming winter.

Rev. W. A. Elkins will lead the discussion on this topic and will present some of his own ideas on this topic in detail at this time. An excellent supplementary musical program is being arranged and all who come will be assured of a profitable time. Let us make this a large meeting.
