Whenever you find an article that has been and is the best seller on the market, you feel safe in buying it. No plow ever had such an extensive sale as the

The New Deere

There is profit as well as satisfaction in having a plow that is recognized as the best, because such a plow must in the end yield the greatest returns on the investment. No matter how long a plow lasts, you have just that long to regret the purchase of it if you don't like it.

Quick Detachable Shares

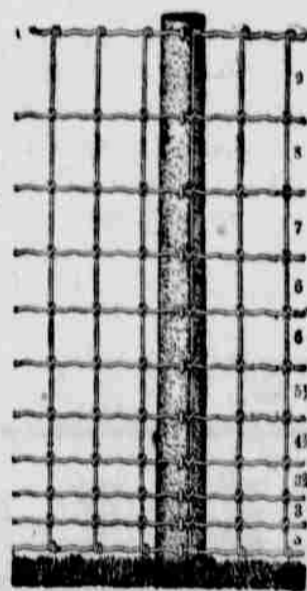

An epoch making improvement. From the standpoint of time saved and convenience and satisfaction, one will hardly be satisfied with the old laborious method of changing shares when he can buy the New Deere.

Profitable Vegetables for Garden

O. A. C. Man Advises Grange What Kinds to Plant

The regular monthly meeting of the grange last Saturday was a very profitable one for those in attendance. During the day different degrees of the order were conferred on Mr. and Mrs. C. A. Doebell, Mr. and Mrs. Williams of North Independence, Braxton Powell and Mr. Ord, a hop yard man.

There was a bountiful dinner at noon and about 50 were served.

Carl Bowman of the Normal gave a humorous reading and Miss Randall gave a vocal solo, accompanied on the piano by

Miss Williams. L. I. Bursell of the Mistletoe district gave a humorous reading, "A Wail from Squashville."

The speaker of the afternoon was introduced. Prof. Boquet of the O. A. C. He gave a most interesting and instructive talk on home gardening. He paid special attention to the question of seed selection and recommended varieties as adapted to profitable growth in this section. Following are some of his recommendations:

Beans—Kentucky Wonder,

Oregon Pole Lima, Burpee's New Kidney Wax, Lady Washington. Beets—Early, Crosby Egyptian; Late, Detroit Dark Red. Cabbage—Early Jersey Wakefield; Medium, Copenhagen Market; Late (all seasons) Danish Bald Head.

Carrots—Danver's Half Long. Cauliflower—Early, Snowball; Fall, Late Giant.

Celery—Golden Blanching or White Plume.

Early Sweet Corn—White, Portland Market; Yellow, Golden Bantam.

Cucumber—Boston Pickling. Egg Plant—Black Beauty.

Kale—For humans, Tall Green Scotch Curled.

Lettuce—Head, New York; Leaf, Grand Rapids.

Muskmelon—Emerald Gem. Onion—Oregon Yellow Danvers.

Parsnips—Hollow Crowned. Peas—Tall, Early Morn;

Dwarf, Early American Wonder; Midseason, Telephone.

Pepper—Ruby Giant, Pumpkin—Winter Luxuries.

Radishes—White Icicle, Early Scarlet White Capped.

Squash—Summer, English Marrow, Late, Delicious or Hubbard.

Tomatoes—Early, Bonny Best; Late, Matchless.

Turnip—Purple Top Milan, White Egyptian, Purple Top White Globe.

Mr. Boquet urged that seed should be planted that had been grown in Oregon and had been acclimated as experience has shown this is best for results.

At the next meeting of the grange the road bonding proposition will be discussed. Senator C. L. Hawley will be present and will take part in a discussion in which it is aimed to have both sides of the question covered.

E. B. Fitts of the Extension department of the O. A. C. will also be present to discuss Co-operative Marketing.

Mrs. D. M. Calbreath, who has been suffering with an attack of bronchial-pneumonia, is slowly improving.

The county court sent out surveyors Tuesday to survey the Bogynska hill before starting grading and graveling.

Mr. and Mrs. C. Nelson and family and Mr. and Mrs. Roy Smith visited at the home of Mr. and Mrs. J. F. Smith and daughter Sunday.

Mrs. F. K. Hull has been suffering with an attack of acute indigestion the past week.

Blair Douglas of Corvallis spent a few days with his sister, Mrs. Roy Smith, the past week.

Twinkle Starr was radiating in our midst at close range Sunday and Monday. Mr. Starr is at present engaged on the famous Doerflor ranch at Victor Point, eight miles from Silverton. This is a herd of Jerseys and the agricultural papers of the state are already sitting up to take notice in the progress make in the herd under Twinkle's magical direction. The attraction in Monmouth was not Jerseys, however.

Rev. W. A. Elkins has closed up his revival services at the Christian church with excellent results as announced in the church notes in another place. Mr. Elkins, during his nine months in Monmouth has made many new friends who rejoice in his success. He is painstaking, hard working and unusually talented and it is hoped Monmouth may claim his services for a long time to come.

The Rebekahs celebrated St. Patrick's night last evening with an appropriate program which included a feed.

Shows Time in the Dark

"RADIOLITE"

(Radium-Lighted)

Makes the Dial Glow

Ingersoll has brought out a luminous substance called "RADIOLITE". The light-giving power of "RADIOLITE" is genuine RADIUM in minute proportions.

On the figures and hands of Ingersoll watches this substance glows in the dark more brilliantly than pure radium. And this glow continues as bright as ever for six to eight years.

Quick as a glance on even the darkest night you can read the time with an Ingersoll "Radiolite".

"RADIOLITE" \$2—the regular Ingersoll with luminous figures and hands. "RADIOLITE" TWO-IN-ONE \$2.25—in white holder for table or bureau. "RADIOLITE" Strap Watch \$4—the watch most widely used by soldiers. WATERBURY "RADIOLITE" \$4—the small jeweled Waterbury with "RADIOLITE" dial.
